

MUELLER MEASURE COMES THRU HOUSE SLIGHTLY SCARRED

One Amendment is Added; Many Are Tabled or Defeated

(By The Associated Press) SPRINGFIELD, Ill., March 12.—The Mueller bill appropriating more than \$1,000,000 to the attorney general's office for expenses of the next two years weathered a stormy session of the house of representatives today and came thru the fray with only one amendment added. Numerous other amendments to the measure were tabled or defeated.

Minority leader Devine of Dixon, succeeded in having adopted an amendment that no employee of the attorney general's office shall receive compensation for service performed outside his immediate line of duty. The vote was 70 to 40. Previously an amendment of Representative Roe, Democrat, Vandala, eliminating \$70,000 for dissolution of defunct corporations was defeated 71 to 45. Among the Republicans voting for the Roe amendment were A. O. Arnold, Quincy; Mrs. Lott, O'Neill, Downers Grove and Robert Scholtes, Peoria. Democrats voting against it included Michael Igoe, Chicago and F. E. Williamson, Urbana.

Forty three bills were presented to the legislature today 22 of which were in the house. In addition a joint resolution was introduced by Senator Daniel Webster, Chicago, memorializing the 68th congress to call a convention for drafting of a new federal constitution. Nine bills past first reading in the house this morning and 15 in the senate tonight. It was learned by The Associated Press tonight from a reliable source that the Dailey bill from the senate giving an appropriation to the adjutant general for the national guard will be considered by the house tomorrow. It is due for third reading. Democrats are prepared to attack it.

The house committee on industrial welfare this afternoon voted to report favorably of Mrs. O'Neill for an eight hour day for women. The senate committee will hold a hearing on the measure a week from tomorrow.

The bill of Representative Roberts, negro, Chicago, prohibiting persons from appearing in public while hooded, robed, or masked, to conceal identity was ordered favorably reported by the house judiciary committee.

Two senate measures up for third reading, the third degree bill of Senator Jewell and Senator Telford's bill exempting from attachment and distress for rent money received as a bonus for military service were recalled to second reading for possible amending.

Bitter debate lasting two hours marked consideration of the Mueller bill in the house. Mr. Roe and Representative Rice, Democrat, Lewiston were his chief opponents and Representative Smejkal, Republican, Chicago, Little Champaign, Republican, Greenville and Pierce, Republican, Belvidere its defenders.

Received Commission Answering Mr. Roe's charge last week that Harold S. Ickes of Chicago had received \$5,000 in one year in two or three lump sums, Mr. Little explained that Mr. Ickes had collected a doubtful claim of \$29,000 which was 12 years old and had been paid the \$5,000 as commission.

Mr. Roe declared the attorney general wanted \$70,000 for the purpose of tearing up dead records and Mr. Little replied that a law killing defunct corporations had been declared unconstitutional and that the attorney general was compelled by duty to take these corporations off the secretary of states books. Representative Weiss, Republican, Waukegan, said a Chicago newspaper had so construed Mr. Roe's charges last Friday that he (Weiss) had been represented as being on Mr. Brundage's payroll. He denied it emphatically.

Mr. Pierce said he also had been impugned before his constituents by the same paper as being on the payroll after his work had been finished and he denied it.

On motion of Representative O'Grady, Democrat, Chicago, the house went on record as accepting these two members denials and exonerating them of the charges.

MRS. KLIMEK FOUND GUILTY OF MURDER BY JURY YESTERDAY

Jury Also Fixes Punishment at Imprisonment for Life

(By The Associated Press) CHICAGO, March 13.—Mrs. Tillie Klimek, 45 years old was found guilty of the murder of her third husband, Frank Kunczyk by a jury which late today fixed her punishment at life imprisonment. Mrs. Klimek received the verdict without comment, calmly left the court room in charge of a bailiff and as she was being led back to jail refused to talk to newspapermen. The jury it was learned decided Mrs. Klimek was guilty on the first ballot taken and when second ballot was taken four voted for the death penalty. On the next ballot all agreed upon life imprisonment.

In recent years there have been 28 women acquitted of murder in Chicago and but four have been found guilty. Life imprisonment has been the heaviest penalty ever imposed on a woman convicted of murder here. Motion for a new trial was made following announcement of the verdict.

Mrs. Klimek was convicted of having poisoned Kunczyk. She has been married four times and the state maintains that she poisoned each of her husbands, part of them for the insurance money.

LYONS WOMAN DENIES HOAX

(By The Associated Press) ESCANABA, Mich., March 13.—After making a statement today that she used a flesh colored hot water bottle to deceive local doctors for three weeks into believing she had a temperature of 114 and above, Miss Evelyn Lyons tonight came out with a flat denial that she had used any such article to produce her high fever.

Miss Lyons who in her statement today had said that she perpetrated the hoax on doctors as a joke knowing that she would finally be discovered attempted to prove tonight that a hot water bottle was unnecessary to raise her temperature by placing a thermometer in her mouth in the presence of newspapermen. When removed the reading was 105. She did not touch or move the thermometer in her mouth to any noticeable extent but when the thermometer was placed under her arm which likewise was not equipped with a hot water bottle, the reading was normal.

She refused to make any explanation of the difference in readings.

"You see I have no bottle to deceive you," she said, "and still today my temperature is 106. You can figure out for yourself."

"I have no statement to make whatever, except the whole story of me being a fake is a rotten lie."

VON HINDENBERG MAKES ADDRESS

Hanover, March 13.—By The A. P.—Occupational-Field Marshal Von Hindenberg, addressing the veterans' league here today said:

"We do not wish to instigate war but in view of the present realities we cannot deny the truth of Schiller's words: 'The most peaceful person cannot live in peace if a wicked neighbor does not wish it, and the nation is unworthy that does not stake everything upon its honor.'"

VonHindenberg extolled the staunchness of the Germans in the Ruhr and exhorted his hearers to remain loyal to the fatherland, "especially in these difficult times."

DR. NORBURY ADDRESSED I. S. D. TEACHERS

Teachers at the state school for the deaf at their meeting Tuesday afternoon had the pleasure of listening to an address by Dr. Frank P. Norbury. Dr. Norbury's theme was "The Nervous Mechanism of Speech." Additional value was given the address by the illustrations with lantern slides.

USE OF ALCOHOL WOULD NOT HELP THE MOTORISTS

LaFollette Says Substitution for Gasoline Would Not Help

(By The Associated Press) WASHINGTON, March 13.—The suggestion that alcohol might eventually be utilized as a substitute for gasoline was characterized in a statement today by Senator LaFollette, chairman of the senate oil investigating commission as bringing no comfort to motorists unless there is also assurance that the Standard Oil will not monopolize the patents and processes for the manufacture of alcohol for motor purposes.

In a reply to statements of President Teagle of the Standard Oil company of New Jersey, President Kingsbury of the California company and others, Mr. LaFollette said the report of the investigating committee covering months of arduous labor and reached by unanimous vote, required neither explanation nor defense.

"It is all-important," said Mr. LaFollette, "that neither interviews on the possibilities of 'dollar gasoline' nor any other future contingency should be permitted to divert the public attention from the present dominant factor established by the sworn testimony in this investigation that: 'The Standard Oil companies completely control the oil industry of the United States.'"

"They have partitioned the territory of the United States among the member companies of the Standard group as spoils and act in perfect accord they (1) fix the price which the producer of crude oil receives at the well, (2) the price which the refiner receives for gasoline and kerosene and (3) the retail price which is paid by the consumer."

"Thru the control of the pipe lines connecting the great producing fields of the west with the consuming territory of the middle west and the east the Standard companies monopolize the transportation of oil, nullify the law declaring pipe lines common carriers, render the possibility of effective competition by independent producers and refiners utterly futile and constantly menace their very existence or cripple and destroy any of the more troublesome of them at will."

"The report of the committee does not state nor intimate that gas prices will ever be permitted to reach a dollar a gallon and the report points out specifically the way to prevent any such catastrophe but the way to prevent it is no: to wait until gasoline will cost more than alcohol."

"And exactly what the committee said, and all it said regarding dollar gasoline in its report was this: 'If a few great oil companies are permitted to manipulate prices for the next few years as they have been doing since January 1920, the people of this country must be prepared before long to pay at least a dollar a gallon for gasoline.'"

YESTERDAY SET ASIDE AS DAY OF PRAYER

Chicago, March 13.—Today was set aside as a day of prayer at Northwestern University to encourage religious interest and help students decide their life work. The Rev. Charles W. Gilky, pastor of the Hyde Park Baptist church conducted a convocation and gave the students advice on choosing a vocation, emphasizing the need for religious leaders.

He advised the students to study their heritage to observe their aptitude and to experiment during the college course that they may choose the work for which they are best fitted. Missionary careers and other church work were recommended as ideal vocations for the University graduates.

FIRE ROSE SUSPICION IN TRENT

Trent, Italy, March 13.—Several fires which have occurred recently in the neighborhood for which they have been set by the German population in Trentino thru desire to show their dissatisfaction over being annexed to Italy.

SEARCHING PARTIES WILL SCOUR ENTIRE COUNTRY FOR PRIEST

Will Search Country Between Virden and St. Louis Today

(By The Associated Press) VIRIDEN, Illinois, March 13.—Three searching parties composed of hundreds of citizens and led by bloodhounds, will scour the countryside between this city and St. Louis, Mo., a distance of 85 miles tomorrow in an effort to find trace of the Rev. John A. Vranak, local Catholic priest who disappeared mysteriously more than a week ago while on a visit to St. Louis, it was announced tonight.

County peace officers, parishoners of the Sacred Heart Church of which Father Vranak was pastor, and many friends of the priest among non-Catholics of the community and members of his family are investigating every clue which might show light on the mystery. Intimate friends of the pastor still held out hope tonight that he was safe, expressing the belief that he might have sustained temporary loss of memory. Charles Roth, treasurer of the church announced last today that the rewards offered for information leading to the priest's whereabouts have been increased from \$1,500 to \$2,500.

WILL NOT ACCEPT ANY REDUCTION IN RHINE OCCUPATION

Ultimatum is Given Out by Administration Spokesman

(By The Associated Press) WASHINGTON, March 13.—Plain intimations that the Washington government would be unwilling to accept any reduction in the amount of its claims growing out of the Rhine occupation, totalling about \$350,000,000, were given today by administration spokesmen.

While the amount of the deduction in the American claims which a proposal submitted by allied representatives in Paris suggested should be made by allowing for German ships sold and retained by the United States would not exceed \$16,000,000, according to the belief of officials here it was made clear that this country had never entered claims for general reparations by Germany and should not in justice be called upon to pool ships seized during the war and apply their value against the army costs particularly since the allied governments had not seen fit to do likewise.

The proposal still was under consideration tonight by state department officials and no reply had gone forward to Elliot Wadsworth, American representative for presentation to the allied representatives at tomorrow's meeting in Paris. Neither was there any intimation as to when the American reply would be cabled.

MANY CLAIMS ARE FILED AGAINST STATE

SPRINGFIELD, (By A. P.)—Claims totalling \$25,000 filed by several railroads, who are asking the sum from the state on the ground that it was wrongly paid to the old Illinois public utilities commission, are to be heard by the state court of claims which begins sitting here this month.

The railroad companies claim the old commission levied these charges against them as a tax in connection with the issue of bonds, stocks and other securities. Among the roads filing such claims are the New York Central, the Lake Erie and Western, the Michigan Central and the Big Four.

Another important case to come before the commission is a claim for \$35,000 in back salary by members of the former state board of equalization. The old board was elected for a two year term, but after serving eight months, the members were out of a job because the legislature replaced the old board with the present tax commission. The members claimed that their salaries for the full term for which they were elected. Their claim covers the period of the unexpired term from July 1, 1919, to December 31, 1920.

WEATHER

(By The Associated Press)

Illinois. Mostly overcast Wednesday followed by rain or snow in north and rain in south portion Wednesday night and Thursday, not much change in temperatures.

Temperatures.

The current, maximum and minimum temperatures as recorded Tuesday were:

Jacksonville, Ill.	30	42	30
Boston	34	42	30
Buffalo	28	44	26
Jacksonville, Fla.	62	78	68
New Orleans	66	70	58
Chicago	25	31	27
Detroit	24	32	24
Omaha	28	28	26
Minneapolis	22	22	16
Helena	22	28	24
San Francisco	50	60	48
Winneapolis	14	22	12
Cincinnati	42	64	34

New York, March 13.—Withdrawal of \$2,500,000 in gold from the federal reserve bank for shipment to France was announced tonight by the international acceptance corporation. The shipment was described as a commercial transaction for the account of foreign correspondents, the purpose of the shipment being withheld. This is the first large shipment to Continental Europe in several weeks the last one having been reshipped to Switzerland.

Several million dollars have been withdrawn since the first of the year however for shipment to Indiana where the metal has been in demand for commercial purposes such as the manufacture of jewelry.

DIXON AGAIN IN TOUCH WITH WORLD

DIXON, Ill., March 13.—Western Union telegraph wire was opened this morning and Dixon again communicated with the outside world after complete isolation for nearly 36 hours as a result of the storm Sunday. Telephone toll lines all went out and the city is without electric lights and roads into the city are almost impassable. It was the mist disasterous storm experienced by this city in years.

Fifty automobiles were stalled in the snow between Sterling and Dixon Sunday night and the occupants sought refuge in farm houses.

JURY IN FOSTER CASE VIRTUALLY FINISHED TUESDAY

Defense Tenders Entire Panel Before Adjudgment

(By The Associated Press) ST. JOSEPH, Mich., March 13.—Selection of a jury to try William Z. Foster, charged with violating Michigan's law against criminal syndicalism was virtually completed when court adjourned this evening. Frank H. Walsh, attorney for Foster, finally tendered a completed panel to the state just before adjournment and Prosecutor Charles W. Gore expects to complete his questioning of the jurors tomorrow morning.

Two women and ten men are the panel tentatively seated, one of the three women passed out today having been excused to her own request by agreement of both sides.

Propaganda mailed thruout the county in behalf of Foster and 75 others for whom warrants were issued as a result of the holding of the communist party convention in the dunes near here last August and an editorial in a local paper yesterday in the interest of the prosecution attracted so much attention from attorneys for both sides today that Judge Charles White tonight cautioned the jurors against reading anything bearing on the case. The case brought out that two of the prospective jurors had received letters mailed by the American Civil Liberties Union, of New York to residents of Berrien county, when they went home last night. Both jurors said they had not read the matter after learning what it was.

Both Foster and Mr. Walsh, his chief attorney are members of the national executive committee of the union and Foster in an official of the labor defense council of Chicago, which, the state claims, paid for the printing and distributing of 15,000 of the letters in this county.

The letter was accompanied by two pamphlets, one giving the reasons stated by Governor Len Small of Illinois and Governor Alfred Smith of New York for pardoning convicted radicals recently, and the other a bulletin of the Methodist Federation for social service setting forth the alleged facts about the prosecution here.

Harry F. Ward, chairman of the American Civil Liberties Union is also editor of the Methodist Bulletin.

DR. GLENN HARROD TO HEAD COLLEGE

EUREKA, Ill., March 13.—The board of trustees of Eureka College met today and appointed Dr. Glenn Harrod registrar of the college, to be chairman of the faculty to administer the academic affairs of the institution until a new president to fill the vacancy caused by the recent death of Louis O. Lehman can be chosen.

Plans were also made to continue the campaign for a \$500,000 endowment fund in which Prof. Lehman was actively engaged at the time of his death. This work will be taken over by Dr. H. O. Fritchard, secretary of the National Board of Education of the Disciples of Christ, of New York City.

HOTEL IN SPRINGFIELD BOMBED LAST NIGHT

SPRINGFIELD, Ill., March 13.—Explosion of a bomb at 11:45 o'clock tonight at the entrance to the Old Alhambra Hotel, Seventh and Madison streets, blew the door in, wrecked the entrance and broke windows in the entire neighborhood. None was hurt and the building had a number of occupants at the time. A motive for the deed has not been found but it is supposed to have been the work of a group of disgruntled Italians who have been prevented by the present tenant, L. J. Fernandes, from acquiring the building for the purpose of establishing a soft drink parlor in the premises.

DIXON AGAIN IN TOUCH WITH WORLD

DIXON, Ill., March 13.—Western Union telegraph wire was opened this morning and Dixon again communicated with the outside world after complete isolation for nearly 36 hours as a result of the storm Sunday. Telephone toll lines all went out and the city is without electric lights and roads into the city are almost impassable. It was the mist disasterous storm experienced by this city in years.

Fifty automobiles were stalled in the snow between Sterling and Dixon Sunday night and the occupants sought refuge in farm houses.

Ex-service men in Illinois will read with interest that the bonus measure in Iowa has been upheld by the supreme court of that state. All the distribution machinery is ready in Illinois awaiting favorable court ruling.

Towns and levee districts along the rivers have begun to make preparations for spring floods. The rapid rise of rivers in the last few days has given a warning. Thus quickly do conditions change.

There are four hundred motherless children in Illinois receiving institutional care. This fact is given emphasis by Governor Small in calling attention to Mother's day, soon to be observed. If these boys and girls are considered and an increasing effort is made to look after their welfare, Mothers day will take on a new significance.

In another column appears a communication from B. F. Shafer, superintendent of the Jacksonville schools, with special relation to certain school buildings. This is the first of a number of articles that Mr. Shafer will write in compliance with the suggestions of the board of education, that the public in this way be made acquainted with various facts relating to the school system.

In later issues Mr. Shafer will discuss some of the problems which confront the schools relative to buildings, equipment and finances.

There is no occasion for British displeasure over the recent remarks of Ambassador Hursey on the debt. He simply repeated what has formally been set forth by Treasury officials on several occasions; namely, that all American loans to Great Britain were for her use alone, and that she never acted as the guarantor for

other allies. The loans she made to them were separate transactions, entirely independent of her financial arrangements with the United States.

A NATURAL INCREASE
Commenting upon a recent statement of the New York "World" that current peace costs of the government exclusive of interest and sinking fund charges are about \$1,500,000,000 in excess of pre-war costs, that no relief has come and that none is in sight, the Republican Publicity Association says:
"The 'World' does not undertake to point out a single item of Federal expenditure wherein any substantial reduction could be made, and if the Republicans attempted to make cuts of sufficient size to affect materially the present cost of government, the 'World' would be the first to cry out against the impairment of Federal efficiency."

"In 1916 the cost of government was approximately \$670,000,000. In 1921 the Budget cost will be \$1,900,000,000. The difference that requires explanation in showing why present costs have not reached the pre-war level. Of that total, \$458,000,000 is for the Veterans' Bureau, \$42,000,000 for the Railroad Administration, \$30,000,000 for the Emergency Fleet Corporation, \$5,000,000 for payment to Columbia in accordance with the recently ratified treaty, \$6,000,000 for the Vocational Education Board, and the balance for miscellaneous items such as the Alien Property Custodian, the Housing Corporation, the Railroad Labor Board, and the Shipping Board. The total, directly traceable to the war or to vital legislation since 1916, is \$548,000,000. Is there an item in the list that the 'World' would have reduced? If any of them were substantially cut it would mean either a violation of a Federal pledge or an unwarranted scrapping of public property."

QUICK THINKER?
(NEA)
If you drive an auto, you've noticed that some people, when in danger of being run over, jump more quickly than others. At one end of the line is the pedestrian who, caught in a tight corner of traffic, has perfect control of himself, also the power of instantaneous decision. That party knows exactly what to do, makes up his mind quickly. The other extreme is the person who, suddenly trapped in a maze of cars, loses his head and tries to jump in all directions at once, so that the motorists haven't the slightest idea which way to turn.

The speed with which you are able to make up your mind, in emergency, is what the brain students now call one's "reaction time."

How many seconds in your "reaction time?" That is, how long

does it take to telegraph danger, or the need of quick action, to your brain, then make decision and start the body carrying out orders without faltering?

A Government bulletin says: "Reaction time is the interval of time that elapses between the instant a sign or signal is seen and the necessary action started. A driver starts to pass another vehicle when suddenly a third vehicle appears which may block his path. The driver must decide whether to pass the vehicle or drop back. If his reaction time is slow he may not realize the danger until too late to avert an accident."

"The reaction time of some people is very slow and undoubtedly is the cause of many accidents. Does the public safety require that such people be denied drivers' licenses? The Bureau of Public Roads is not yet ready to advocate such a policy, but considers that it should be investigated as a possible safety measure."

A very able suggestion. Put in to effect, it would eliminate at least a fourth of auto drivers—and the same per cent of pedestrians.

What determines your "reaction time?" What makes one person quick to reach decision and act in emergency, while another is slower? The answer leads us back to the body's endocrine glands, interest in which has lately been eclipsed by King Tut, Cane and the Chaplin-Negri incident.

The adrenal glands, attached to the kidneys, are the regulators of "reaction time." They rally reserve energy in emergency and telegraph thru blood and nerves the command to halt activity in all parts of the body except the parts needed to extricate the body from the emergency. Blood is rushed to speed up the muscles needed "in a pinch."

ADD THREE WORDS A DAY TO YOUR VOCABULARY

Undemonstrative.
Adjective. Pronounced undemon-stray-tive; accent in third syllable. Not given to excited or strong expression of feeling; reserved from modesty, diffidence or policy. Example: She is very undemonstrative under all circumstances.

Impulsive.
Adjective. Pronounced im-pul-sive; accent on second syllable. Swayed by the emotion; rash, quick, hasty, having the power of arriving or impelling. Example: Although of an impulsive nature, his good judgment saves him from many pitfalls.

Diabolical.
Adjective. Pronounced diabol-ic-al; accent on third syllable. Literally, pertaining to the devil, hence infernal; impious; atrocious, wicked, nefarious. Example: It is the most diabolical plot as could possibly conceive.

C. P. PREPARES FOR REAL ABANDONMENT

Road Removes Switch Lights Near Jerseyville—Alton Will Try to Divert Surplus Traffic From St. Louis to Springfield

The C. P. and St. L. railway company is preparing to abandon its lines, according to recent press reports. Switch lights on the section thru Jerseyville have been taken down or ordered discontinued. Local conditions could not show any more sign of readiness to abandon the road than they have for the past few months. It is understood that the C. and A. is preparing to double track its line from Roadhouse to the point where it crosses the Burlington on the west branch with the intention of detouring the surplus traffic of the abandoned C. P. from St. Louis to Springfield via the Burlington and Alton roads.

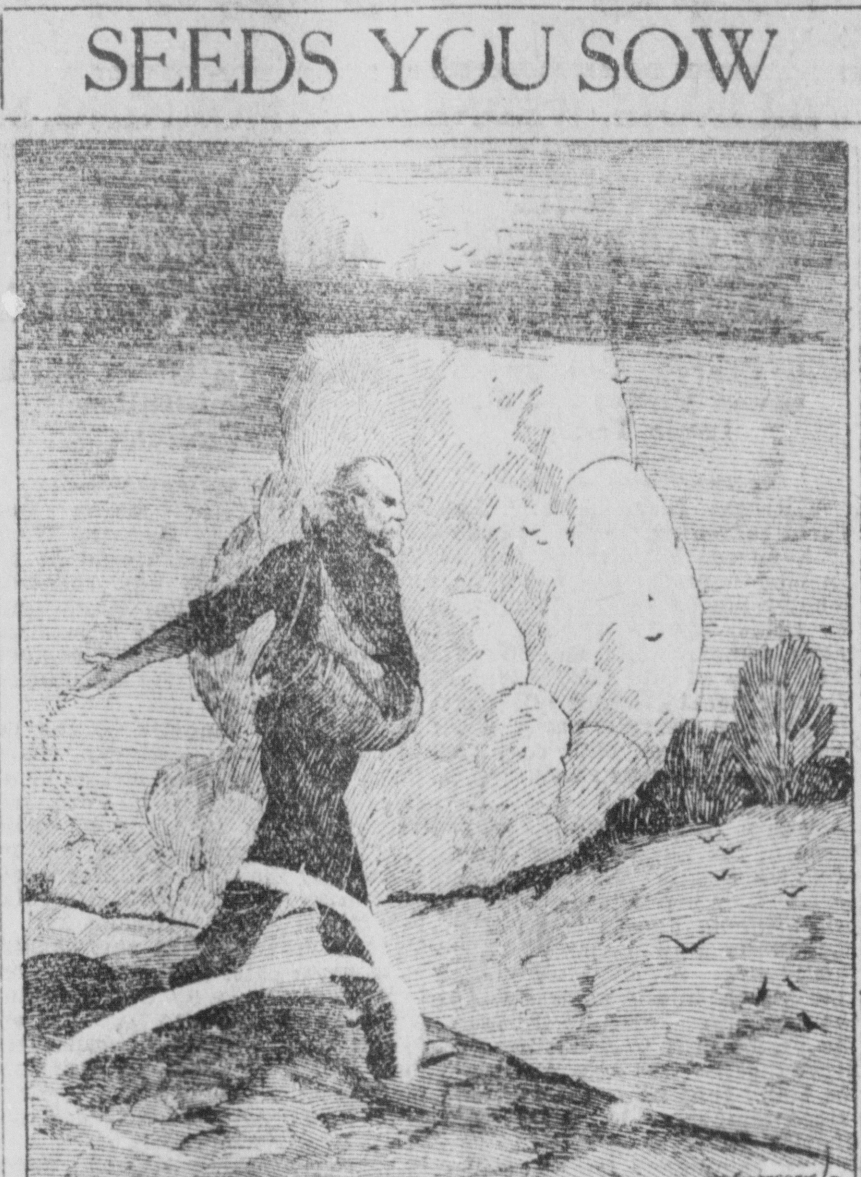

DRINKERS NOT WANTED
Thomas Sturgis, who has his residence above his place of business on the north side of the square, has placed a strange sign on the door of the stairway leading to his home. It reads "Please do not come into this stairway to drink."

Mr. Sturgis says that several times persons entered the small hall at the foot of the stairs and indulged in loud talking and unpleasant language. Mr. Sturgis later found several empty bottles in the place. In order to let the disturbers know that the second floor of the building was occupied, and that their presence in the entry was not desirable, Mr. Sturgis placed the sign on the door. Twice the sign was torn down; but the third one has been up some time, and the disturbances have ceased to occur.

ROYAL NEIGHBORS HAVE CANDIDATES

Members of Star Camp No. 171 Royal Neighbors of America at their regular meeting Tuesday initiated Arch Vasconcellos and Hazel Davidson. Following the regular session the Camp held a St. Patrick's celebration. A dance of the colliers was given by Mildred Johnson, Rhoda Olds and Lillian Doolin. All of the members were made to tell an Irish joke or pay a forfeit and this occasioned much merriment. The entertainment committee was composed of Edna Vasconcellos, Aileen Smith and Olga Perry. A social hour followed and refreshments in keeping with St. Patrick's Day were served by the refreshment committee.

WILL MEET TODAY.
The young women and girls of Trinity church will spend this afternoon as guests at Mrs. J. F. Yangton at the Rectory.

With spring approaching swiftly, most of us feel the stirring of the seed planting instinct inherited from days when our ancestors lived naturally, close to the soil. It is an instinct that dies hard, even when smothered by the congestion of cities. You realize this as you see the city man planning a home garden almost pathetic in size, and his wife eager to plant flowers.

In all philosophy, there is nothing more fundamental and far-reaching than the Biblical parable about the sower who went forth to sow. Some seed fell on fertile ground and sprouted, some fell on barren ground and brought no results.

In the above pen-picture, Artist Satterfield illustrates the ancient parable. An by having the farmer sow by hand, he puts more life into his picture than if he had drawn a "scientific" machine sower.

The old parable applies to the life of each of us, in this way:

ILLINOIS TEAMS WIN DECISIVE VICTORIES

Both Affirmative And Negative Debating Squads of Illinois College Rout Augustana Teams Tuesday Evening—Decisions Two to One.

Illinois College debating teams won a double victory Tuesday evening over teams of Augustana college at debates held in this city and at Rock Island. Both teams won their decisions by two to one votes of the judges. The question debated was "Resolved, that Strikes in Public Utilities and Coal Mines Should Be Prohibited by Federal Law."

The Illinois College affirmative team, consisting of William Roberts, Robert Schumann and Clarence Weber, debated at the Jones Memorial chapel here having as opponents the Augustana negative team, composed of E. Hanson, F. Hanson and Bowman. Judges here were Miss Ethel Foster, of the faculty of Petersburg high school; R. J. Nichol, superintendent of school at Bluffs and E. C. Pruitt of Springfield, superintendent of the Sangamon county schools.

At Rock Island, the Illinois negative team, made up of Hugh Wilson, Roy Mabrey and Glen Josephson, won a victory over the Augustana affirmative two to one for the Illinois argument. Next Friday evening Illinois college teams will lock horns with the Monmouth debaters. This time the Illinois negative will stay at home and debate the Monmouth affirmative. This is the first time Illinois debaters have been trained by a debating coach. Prof. Henry H. Caldwell has coached the teams for several weeks.

MAKE FURTHER PLANS FOR DEDICATORY EXERCISES
It was learned yesterday that the World War Veterans have sent an invitation to President Harding to attend the dedicatory ceremonies of the new vocational training building, June 15th. The local Legion saw in the newspapers that the President is contemplating a midwestern trip in June and immediately forwarded him an invitation to attend the ceremonies. A reply is now expected for several weeks, but they are hopeful of his acceptance. The dedication is to be held the same week as the State Encampment of the United Spanish War veterans here and these two organizations have practically an assurance that General Pershing, Governor Small with his entire staff, and other prominent men will be present. During the U. S. W. V. Encampment, which will be held June 14, 15 and 16, five bands will be present.

THE PASSAVANT AID SOCIETY BOOTH
When you visit the auto show you can find sandwiches, pie, coffee and other good things to eat at the Passavant Hospital Aid society booth, at the south side of the merchants exposition division. The ladies are working hard for the isolation hospital fund and will appreciate your patronage. They will also appreciate donations of butter or other supplies.

AGED RESIDENT OF SCOTT COUNTY DIES

Death of James Evans Came After Brief Illness of Pneumonia—Other News from Winchester and Vicinity.

Winchester, March 13.—James Evans, who has been ill for a week with pneumonia, passed away Tuesday morning at 11 o'clock at his home south of town. The deceased was fifty-nine years of age at the time of his death, and had spent practically all his life in Scott county.

He removed to Naylor, Mo., about five years ago. He was a farmer and had been very successful in his farming operations. He was highly respected in the community in which he had spent so many years, ranking as one of the prominent residents of the county.

Surviving are the widow and three children; two daughters and one son, all residing at home. There are also three sisters and four brothers: Mrs. Thomas McClure, Mrs. John Schull and Mrs. Tina Hester; Robert, Harlan Grant and Charles Evans. One sister, Mrs. Crabtree, preceded him in death a number of years ago.

Funeral services will be held at 11 o'clock Friday morning from the Baptist church at Winchester. Interment will be made in Winchester cemetery.

News Notes.

Mrs. Leola Riggs is again confined to her home on account of illness.

In the court of Justice James Andell Monday the damage suit of John Gillham vs. Fred P. Woodall came up for hearing. The suit was based on an accident which occurred several months since when a valuable cow belonging to Mr. Woodall was injured when struck by Mr. Gillham's auto. The jury assessed amounting to \$85 in favor of the complainant.

Miss Alice I. Mudd, superintendent of the grade schools, is still confined to her home by illness.

Quite a large number are away from the community high school on account of sickness.

Royal Neighbors and Modern Woodmen will have charge of dance at Auto Inn tonight. Everybody welcome.

ALEXANDER GRAIN CO WILL GIVE BANQUET

Directors of Alexander Co-Operative Grain Co. Plan Get Together Meeting For Tomorrow Night—Deatur Man to Speak.

A banquet and get together meeting is planned for tomorrow night by the Alexander Co-Operative Grain Co. The banquet will be served jointly by the ladies of the Church of the Visitation and the Methodist church in the basement of the latter church, and it is expected that about 100 persons will be present.

This is the first annual banquet of the association and is being given by the directors and the manager for the stockholders and their wives. The object of the gathering is to promote the welfare of the organization in various ways.

An address will be made by Charles Adkins of Decatur, who has for some years been active in the co-operative movement of grain movement in particular and his address will be very much worth while to grain growers and agriculturists in general.

Among the guests who will be present will be County Agent G. B. Kendall and his assistants in the farm bureau meetings which are now being held thruout the county.

FUNERAL OF FRANKLIN MAN HELD TUESDAY

Remains of George Criswell Laid
to Rest in Franklin Cemetery
Tuesday Afternoon.

The funeral of George Criswell

was held at 1 o'clock Tuesday afternoon at the home of Mrs. Martha Wood in Franklin, sister of the deceased. The services were in charge of Rev. H. A. Sherman, pastor of the Franklin M. E. church, and were of a very impressive character.

Music was furnished by a quartet including Mrs. Mabel Wright, Miss Lou Duncan, Wilbur Seymour and Ed E. Seymour. The floral tributes were in charge of Mrs. Charles Jolly and Mrs. Joseph E. Williamson.

Interment was made in Franklin cemetery, the bearers being Lee Caldwell, George Darley, C. W. Olinger, J. O. Rolston, P. A. Sturges and Frank Mansfield.

Among those from a distance who attended the funeral were: John M. Criswell, of Eureka Springs, Ark., a brother of the deceased; Mr. and Mrs. John Deatherage of Jacksonville, Henry Criswell of Modesto; Claude Hart, Detroit, Mich.

**MRS. LYDIA ENGLISH TO
BE BURIED AT ROODHOUSE**
Word has been received by Mrs. Robert Clifford, 713 East Lafayette avenue, that her aunt, Mrs. English, who also has numerous relatives in the vicinity of Murrayville, died at the home of her son, Michael English in Moreland, Kansas. The remains were expected to arrive in Roodhouse last night and were to be taken to the home of her daughter, Mrs. Annie Reynolds, of that place.

The deceased was formerly a resident of White Hall and was well known there and in the Murrayville community.

She is survived by four daughters: Mrs. Lillian Stowers, Mrs. Carrie Hoag and Minnie of California, and Mrs. Reynolds of Roodhouse; two sons, Michael, of Moreland, Kansas and John James, of Houston, Texas, also survives her.

BIG CROWDS THROG AUTO INN NIGHTLY

Automobile Show and Merchants' Exposition Equips Good Attendance of Former Years

There was no slowing up of interest in the automobile show and merchants' exposition yesterday and President Berger of the Automotive association said last night that the attendance record of a year ago was exceeded. The rainy weather has interfered somewhat with attendance from the country precincts, but the aisles of the Auto Inn were crowded again last night, and all Jacksonville seemed to be present.

The automobile dealers are finding that many of their visitors really have in mind car buying this season, with the result that a number of the dealers already have some very live prospects listed.

The crowd is fully as much interested in the merchants' displays as in the automobile show proper and the various booths were thronged until the closing hour last night. As one of the general features last night Terrence Brennan sang two solos at the Wheeler & Sheppard booth, and is to sing again the other evenings of the week.

In another issue a list of cars on view will be given.

The following is a directory of the booths in the merchants' exposition. If there are omissions corrections will be made.

National Auto Thief association.

Jacksonville Railway & Light company.

Jacksonville bakeries, including New System, Ideal, Federal, A. & B. and Keopings.

Prest-O-Lite Co.

Valley Mausoleum Co.

Coca Cola Bottling Works.

**DEMPSEY READY
TO FIGHT FIRPO**

Los Angeles, March 13.—Jack Dempsey, champion heavyweight pugilist is ready for a match with Luis Firpo South American boxer, who knocked out Bill Brennan in New York City last night, he said today.

Firpo's victory, he said was no surprise to him.

"Brennan is not as good as he used to be but still mighty tough and Firpo must be a good fighter to stop him," Dempsey said. "I am ready to fight any man any time a promoter can put the bout on in a satisfactory manner. This, of course includes Firpo."

**BOOKIES TIE
WITH REGULARS**

Cleveland, O., March 13.—The first rookie game of the season between the Cleveland American regulars and Yaungians at the Lakeland training camp today resulted in a two-two tie at the end of five innings. The batteries for the regulars were Metevier, Gray and L. S. Sewell and for the Yaungians, Winn, Spaulding and O'Neill. Each side made five hits.

**82 YEARS OLD AND AS
GOOD AS A YOUNGSTER**

"7 or 8 years ago I was a very sick man. Doctors said catarrh trouble of stomach and bowels, affecting the liver and heart. For more than a year I wanted to die, but could not. Upon the advice of a friend I tried Mayr's Wonderful Remedy, and although 82 years old I now feel as good as a youngster." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists. (adv.)

OUR GRADE SCHOOL BUILDING PROBLEM

By B. F. Shafer, Supt. of Schools, No. 1

A letter from Mr. Booth, Assistant State Superintendent of Public Instruction, was published in the paper a few days ago. This letter seems to have been read and cast into the waste basket without receiving very serious consideration from our citizens. Must we interpret this to mean that there is no interest in a concern about correcting a situation which is bad. The above mentioned letter stated that the two things which we need in our grade schools were ventilation and light. Surely no one will doubt the necessity of either of these. A visit to any of the buildings is sufficient to convince, especially if the visit is made on a damp rainy day.

The facts are; as a whole our teachers are working with a fine spirit and accomplishing much better results than, under the conditions, any inspecting authority would expect. Windows are poorly placed and are too few in number, consequently, blackboards are placed in many rooms so that the reflection of the light is extremely injurious to the eyes of the pupils. Ventilation is provided only by opening windows. As a result on cold damp days it is impossible to keep an abundant supply of fresh air available without reducing the temperature of the room to a point where the health of the pupils is endangered. Under such conditions contagion spreads rapidly.

The expense of heating buildings of this type is enormous as compared with heating buildings of a more modern type. The ceilings are much higher than is necessary and some of the rooms are twice as large as they need be. All of this extra space must be heated. The system of ventilation makes it necessary to keep up high pressure in the boilers in order to warm the cold air which is brought in thru the windows. These conditions, the height of the ceilings, the size of the rooms and the system of ventilation, make it necessary to burn much more coal than would be required for a building of a more modern type.

Summarizing I would say that the grade school children of this city, from the standpoint of building equipment, do not have opportunities equal to those provided in certain other cities of our state. The lighting is not what it should be and the ventilation is not conducive to good health and the prevention of the spread of contagious diseases. The buildings require about a third more of coal to heat them than would be required if they were of modern construction. The state department is urging some action on the part of this community.

**A BANK BOOTH AT
THE AUTO SHOW**

One of the most elaborate booths at the Auto show is that of the Farrell State bank. A replica of a modern bank building has been done in beaver board from the Crawford Lumber Co. mill. Above the entrance is a plaster of Paris eagle from the design of a 50 cent piece. This is suggestive of the 50c checks that are being distributed from the booth. The checks under certain conditions will be worth 50c in starting savings accounts in the bank.

Inside the booth a miniature counter and "cage" carry out the banking house idea. In a conspicuous place on the east wall is a picture of John C. Andras of Manchester with a legend beneath indicating that Mr. Andras was one of the very first customers of the Farrell Bank. "Bang" guns are being distributed from the booth to boys and girls, and it goes without saying that there is a jam about the booth much of the time.

Miss Bess Hadden, Miss Edith Rodems and William Franz of the Farrell Bank, co-operating with Mr. Crawford, made all the arrangements for this unusual exhibit.

BREEDERS TO MEET

The Morgan County Breeders' association will hold a call meeting this evening at the Farm Bureau quarters on East State street.

GAVE CHILDREN PARTY IN SPRINGFIELD

The Springfield Journal gives the following paragraph about a party for children given by Mrs. F. P. Cowdin, who has many relatives here.

"Mrs. F. P. Cowdin, 614 1/2 South Fourth street, entertained with a very pretty party yesterday afternoon at the Illini Country club, for her small daughter, Lucy Frances, the occasion being her fifth birthday. In connection with the party a charming tea was given for the mothers who were present.

"The table appointments for the children's party were prettily carried out in yellow and white narcissus being used as the floral decorations, and each small guest found an individual birthday cake adorned with lighted tapers marking her place. Small Easter basket were also given as favors. The sixty-three little guests were all seated at one large table. During the afternoon kindergarten games were enjoyed under the supervision of Mrs. Irving Parrott, Mrs. Eugene Clark and Miss Carolyn Coffey.

"Sixty-two ladies enjoyed the tea at which Mrs. Cowdin entertained while the children's party was in progress, the hours being from three to six."

Splendid display of spring hats priced very low. Carroll Millinery Parlors, 859 Routt street.

ELM GROVE.
Mrs. Will Ranson, Mrs. Albert Potter and Mrs. Laura Sturdy and children were Friday visitors with Mr. and Mrs. C. W. Potter. Miss Grace Fearnough spent Friday with Mrs. Will Schofield. Clarence Barry spent Thursday night with Harold Hamel. Mrs. Walter Lewis has been ill the past week with a severe cold. Mrs. E. L. Hamel and Bernice visited with Misses Ruth and Irene Hamel Saturday afternoon. Mrs. Eunice Seymour spent Saturday afternoon with Miss Grace Fearnough. Mrs. Fred Coultas spent the day Thursday with her mother, Mrs. Lewis. Miss Ruth Hamel spent Tuesday night in Jacksonville and attended the show at the J. H. S. Glen Lear was a Lynnville caller Monday.

You'll win the fight against Constipation with Kellogg's Bran!

It is wonderful news for every constipation sufferer to know that Kellogg's Bran guarantees permanent relief if it is eaten regularly. Two tablespoonfuls each day; as much with each meal in chronic cases—taken consistently—will work health wonders, driving out toxic poisons, freeing affected organs and allowing nature to eliminate the wastes in its own way!

"Think what this means to health when you know that constipation is responsible for a large majority of human ailments; that it is often the direct cause of Bright's and diabetes; that, in milder form, it is responsible for sick headaches, biliousness, nausea, sour breath, pimples, etc.

Get a package of Kellogg's Bran to-day and fight against constipation and what it leads to! Free your family from its ravages; free yourself from its grip! Within a week you will be surprised at the improvement.

Kellogg's Bran is not only a permanent relief from constipation, but it is a health food, containing mineral salts as well as other vital food elements that are a necessity to human life.

Eat Kellogg's Bran as a cereal, or sprinkle it on or mix it with other hot or cold cereals because it is ready to eat. It is delicious cooked with hot cereals. And, you have missed much if you do not know the delights of bran muffins, bran raisin bread, bran griddle cakes, etc.

Lending hotels, clubs and restaurants serve Kellogg's Bran in individual packages. All grocers sell Kellogg's Bran.

ELKS AND DOKAYS BATTLE IN FINALS

Wins Game in City Tournament Over Knights of Columbus and Yankee Five—Lots of Excitement in Dokay-Yankee Five Game.

As a result of the games played in the city tournament last night, the Dokays and Elks will meet in the finals next Tuesday night for the city title. The Knights of Columbus and Yankee Five will play for third and fourth honors.

Both contests were fast, but the Elks rather outclassed the Knights of Columbus in the opener, winning by a score of 44 to 9. The knights held the score down fairly well in the first quarter, the score being 10 to 4.

The Elks got their scoring machine working in the second quarter and from then on it was a procession. The score at the half was 23 to 4. The knights braced in the second half and held the Elks fairly well but could not hit the hoop themselves so that no advantage resulted.

For the Elks Seymour, Zell, Woods and Cain played excellent games and did the scoring for their team. Reynolds, Seymour and Woods played an excellent game on defense. In the last quarter the Elks ran in a number of second string men who held the knights but were unable to score many points.

Doyle and Devlin played an excellent game for the knights. The work of Doyle at guard being easily the feature of the contest when it is figured he was up against a tough scoring combination. Devlin's work on both offense and defense was good.

Yankee-Dokay Game Fast. The best game of the evening, however, was that between the Dokays and Yankee Five. The Yankees do not often get a chance to show at home as most of their games are played on foreign floors.

The five is made up of school kids but take it from us they know that old basketball game and play it for all they are worth. Though outwheeled by the Dokays they carried the battle to their opponents in the first half and outplayed them.

The Yankees were leading at

the quarter by a score of 6 to 4 and were tied at the half at eight all. During this time the Yankees gave a great exhibition of floor work and passing and also of shooting. All of their shots came close and those that were made were for the most part from the center of the floor.

In the second half the Dokays after some strenuous battling got command of the situation and soon got started and from then on they shot baskets from all angles and from all positions. Though the Yankees fought valiantly they were unable to stem the tide and the dokays rolled up 18 points while the Yankees only got 3 in the third quarter. In the fourth quarter neither team did much scoring the ball changing hands frequently and there being many battles under the basket with neither team able to hit the hoop.

For the Yankees the entire team did excellent floor work. Murgatroyd, McGee and Curtis did the scoring for the Yankees while Savage, Pulasky and McGee did fine defensive work.

Kennedy, Jones, Smith and Reynolds did the Dokays scoring. Reynolds, Jones and Struck did the best work for the Dokays on the defense. The scores:

FIRPO STANDS WAY OF MOST GREEN ONES

New York, March 13.—Luis Angel Firpo, the Argentine heavyweight, as well as swing a wicked uppercut.

Celebrating his knockout victory over Bill Brennan last night, the South American heavyweight, accompanied by a score of friends, went from Madison Square Garden, to an obscure Greenwich Village cabaret where he tangoed and made merry until 3 o'clock this morning. Firpo, exhibiting the famous dance as it is done in the Argentine, was the most carefree of the party. Except for a patch that covered the cut over his left eye he showed no trace of the strenuous ring battle he had been thru.

ASHLAND.

J. G. Fitzhugh of Jacksonville was calling on Ashland friends last Wednesday.

Mrs. John Devlin went to Jacksonville last Wednesday to visit her daughter.

Mr. and Mrs. Otis Keltner and Mr. and Mrs. J. R. Keltner of Sinclair were shopping in Ashland Friday.

Miss Frankie McDaniel made a business trip to Jacksonville last Wednesday.

Perry Holmes, who has been on the sick list for some time, is now very much improved.

The robins have put in their appearance which reminds us that spring is close at hand.

Miss Mabel Eddings of Tallula visited her grandparents, Mr. and Mrs. Sam Ray, Friday.

Joe Bowers went to Knoxville, Tenn., Thursday in answer to a message of the serious illness of his father.

Mrs. Ada Hays of Prentice visited Mrs. Joe Bowers Friday.

Mrs. O. N. McDaniel was in Petersburg Friday evening in the interest of the Rebekah lodge.

Mr. and Mrs. Perry Holmes made a business trip to Jacksonville Saturday.

Mr. and Mrs. C. T. Travis of Jacksonville visited Mr. and Mrs. Perry Holmes Saturday and Sunday.

Mrs. L. L. Savage of Centenary visited Mrs. Bruce Green Saturday.

Mrs. Emma Maxwell has been very sick the past week.

Mr. and Mrs. Clarence Yancy of Philadelphia visited home folks here Saturday.

Mrs. Roy Hinds visited relatives in Jacksonville last week.

ASBURY.

There were thirty-five in attendance at the Ladies Aid meeting held at the home of Mr. and Mrs. Frank Hembrough last Thursday afternoon. The guests were Mr. and Mrs. E. N. Craig, Mr. and Mrs. George Hembrough, Misses Frances Jackson, Edith and Alice Reed, Edith Carter, Eleanor Ranson and Velma Hembrough, T. S. Hembrough, Rev. Mr. Rhinehart, E. R. Hembrough, J. C. Becker and W. E. Burrows.

Earl Mortimer was a business visitor in Chicago last week while on the trip he stopped on Peoria to visit his cousin, W. R. Hembrough and family.

Mr. and Mrs. Frank Hembrough and family spent Sunday with Mr. and Mrs. William Hembrough in Jacksonville.

FIRPO STOCK TAKES BIG JUMP

NEW YORK, March 13.—Luis Angel Firpo, South American pugilist whose stock in heavyweight circles has taken a big jump by his knockout of Bill Brennan in the twelfth round at Madison Square Garden last night is looking for more world's to conquer.

The giant from the Argentine discussed future plans today with Promoter Tex Rickard and a virtually agreement was reached for Firpo to box the winner of the match between Jess Willard and Floyd Johnson, scheduled for May 12 at the Yankee stadium.

The bout, Rickard said, probably would take place in June or July at the Yankee park. If victorious again, Firpo is assured of his ambition, a match with Jack Dempsey, for the world's title, probably in September.

Rickard has made no premature plans for a Firpo-Dempsey contest despite reports to the contrary but should such a match materialize there is a strong possibility that it would be held in Buenos Aires, capital of the Argentine republic where Firpo is something of a national hero just at present.

"I would stage the bout wherever conditions seemed best," Rickard said, but "its too far ahead and dependent upon too many contingencies right now to make any definite plans."

Charges the fight last night was "fixed" for Firpo to win were published by two afternoon papers today but met with ridicule from an overwhelming majority of writers.

Firpo is of European parentage although born in the Argentine. His mother, a native of Spain, died twenty years ago. His father is an Italian.

LIGHT VOTE CAST IN CITY PRIMARY

Jayor Crabtree and Other Candidates for Several Offices Unopposed — Mr. McGinnis Winner First Ward Contest With Justin Biggs Winner in Third Ward.

The city primary election Tuesday was a very quiet event. This was quite certain to be the condition from the fact that candidates for the general offices were unopposed and there were but two contests for aldermanic places. The vote was light in each of the sixteen precincts, even in the first and third wards where there were some rival aldermanic candidates.

The total vote cast for city offices was:

E. E. Crabtree, mayor (Republican), 353.

H. C. Clement, treasurer (Republican), 372.

Jewell E. Scott, clerk (Democrat), 235.

Roy Griffith, clerk (Republican), 325.

In the first ward Alderman McGinnis (Democrat), for the long term won over M. A. Carille Democrat, by a vote of 211 to 83. Charles Blesse is the Democratic candidate for the short term with Frank Sullivan the Republican candidate for the same term.

In the second ward R. Y. Rowe was unopposed. In the third ward Justin Biggs won the Republican nomination by a vote of 100 to a total of 89 votes cast for R. Y. Coover. The Democratic candidate, T. C. Chumley, was unopposed.

In the fourth ward T. A. Chaikin for the short term and A. D. Fairbank for the long term were unopposed.

Some scattering votes were cast for various candidates for Democratic nomination for mayor, the list including: William Robinson, D. J. Staley, Dr. Bowe, Walter Wright, C. C. Berryman, William Haney, Dr. W. E. Spooner, and Stanley Wright. Indications are that Wright received the largest number of votes and thus becomes the Democratic party nominee. Mr. Wright received votes on both tickets.

HOPPE WINS SECOND BLOCK

NEW YORK, March 13.—Revering the cue wixardry for which he is noted, Willie Hoppe, 18.2 balk line bi llard champion tonight overcame the lead of 223 points Jake Schaefer gained in the first block of their 1,500 title match last night and reached the 1,000 point mark while Schaefer was counting 994.

Tonight's block was completed by Hoppe in 21 innings, during which he had a total count of 723. He started a miserable game but wound up in his seventh turn at the table counting 98. Schaefer apparently was nervous and was not as careful as in the first block. He was unnerved in the late innings when needing only a few points and stopped once until the crowd ceased talking.

The summary:

Hoppe—14, 0, 1, 1, 10, 22, 98, 0, 2, 143, 3, 3, 5, 26, 101, 37, 0, 58, 62, 28, 99—723.
Average 34 9-21; high runs 98, 99, 101, 143.
Grand total, 1,000.
Grand average, 30 10-32.
Schaefer—9, 25, 1, 9, 53, 37, 80, 2, 1, 65, 1, 0, 9, 1, 22, 40, 1, 71, 61, 3, 2—494.
High runs 80, 71, 66.
Average for block, 23 11-21.
Grand total, 994.
Grand average 31 2-32.

St. Paul, March 13.—The Boston Athletic Association team won the first leg of the four game series for the United States Amateur Hockey association championship by defeating the St. Paul Athletic club 2 to 1 here tonight.

WILL RADIO RESULTS OF BASKETBALL GAMES

CHICAGO, March 13.—High school basketball fans throughout the country with their own radio sets or with sets accessible will receive the results each day of the National interscholastic basketball tournament at the University of Chicago April 4, 5, 6, and 7. Arrangements have been made to broadcast the results.

Last year special wires were chartered to Lexington, Ky., Mount Vernon, Ohio, and Rockford, Ill., to give the fans in those cities the scores.

Two motion picture companies will make films of the games here.

JOHNSON READY FOR LUIS FIRPO

HOT SPRINGS, Ark., March 13.—Floyd Johnson is ready to meet Luis Angel Firpo any place, any time.

Johnson tonight was shown a despatch from New York stating that the conqueror of Brennan was to meet the winner of the Jess Willard-Floyd Johnson bout which takes place in New York on May 12.

"The program suits me fine," smiled Johnson, who is in training here. "I am ready to take on Firpo any time."

"Yes, say that we are willing to have Johnson and Firpo matched as per the schedule" acquiesced Charley Cook, manager of Johnson. "And I don't see any reason for waiting until after my fight with Willard," Johnson added.

Social Events

Parent-Teachers

Hear Supt. Shafer
Superintendent B. F. Shafer talked to the members of the Washington school Parent-Teachers' association at their regular meeting Tuesday afternoon, describing some of the needs of the local school system. He is standing back of the school board in their efforts to modernize the grade school buildings. He discussed a number of other matters that needed attention in the schools.

The Misses Geneva Coleman and Marjorie Allen of the Illinois Woman's College gave a short musical program at the meeting. The formal program was followed by a social hour and refreshments.

Baptist Teachers

Held Usual Supper
The officers and teachers of the First Baptist Sunday school held their regular supper and business meeting Tuesday evening in the church parlors. There was a full attendance. A splendid supper was served by the following ladies: Mrs. D. L. Barton, Mrs. F. J. Wilson, Mrs. J. T. Sample and Mrs. E. O. Hess.

The program for the evening was set aside and the teachers adjourned, so that all could attend the meetings at Grace church, where the Baptists acted as ushers.

Miss Armstrong to Present Recital

Miss Ruth Melba Armstrong will appear in a vocal recital at 8:15 o'clock Friday evening at Conservatory Hall. She will be assisted by Miss Eunice Northrup, harpist, with Miss Inez Pires as pianist. The program is as follows:

Lungi Dal Caro Bene.....Sechi
The Spirit Song.....Haydn
Oh Sleep! Why Dost Thou Leave Me?.....Handel
Miss Armstrong,
Aria—My Heart Is Weary.....Thomas
Nadeschda.....Godesfroid
La Harp Eolienne.....Haselmann
The Dance of the Gnomes.....Rogers
Miss Northrup,
Ich Liebe Dich.....Grieg
Als Die Alte Mutter.....Dvorak
Le Miroir.....Ferrari
Chant Hindou.....Bemberg
Miss Armstrong,
O Moon Upon the Water.....Cudman
Inter Xue.....Mac Fadyen
I Am Thy Harp.....Woodman
(Harp Accompaniment by Miss Northrup.)
The Opium Smoker.....Tipton
Miss Armstrong.

Orleans Club Meets

The Orleans club held a meeting Tuesday afternoon at the home of Mrs. Clifton Davis. Mrs.

Robert Hamilton gave a paper on current events. A social hour followed the program.

East Side Tuesday Club Had Annual Guest Day

Members of the East Side Tuesday club were entertained Tuesday afternoon by Mrs. E. L. Hill at Jacksonville State hospital. This was the annual guest day of the club and there were sixty or more in the company which gathered at Mrs. Hill's guests.

During the afternoon there was a pleasing musical program by Mrs. William Barr Brown, Miss Ruth Armstrong, W. E. Kritch and Edmund Munger. Mrs. Brown's numbers were "Dawn" by Curran; "L'Heure Exquis" by Hahn and "Song of the Blackbirds" by Quilter. Miss Armstrong sang "A Dream" by Bartlett; "Deep River" by Fisher, and "Little Mother of Mine" by Burleigh. Several violin numbers were given by Mr. Kritch, and Mr. Munger gave some piano selections and also served as accompanist.

After the program came a very pleasant social hour when refreshments were served by Mrs. Hill, assisted by Mrs. M. J. Donahue.

Congregational Aid In All Day Meeting

An all day meeting was held Tuesday by the Ladies' Aid of the Congregational church. This was largely a business session and plans were made for the spring sale which will be held this year March 31. Lunch was served at noon.

State Street Church Society Meets

The Missionary society of State Street Presbyterian church held a regular session Tuesday afternoon in the church parlors. The president, Miss Nellie Cunningham, presided and various reports were presented. The program of the afternoon included a paper on India by Mrs. L. O. Vaught. The hostesses, Mrs. Lloyd MacGill, Mrs. Charles Hackett, Mrs. J. H. Olson, and Miss Florence Wardhaugh, served refreshments during the social hour.

Mrs. W. H. Paschall Celebrated Her 80th Birthday Anniversary

At the family home of Mrs. W. H. Paschall near Markham on Tuesday, March 13th, Mr. and Mrs. Douglas Hunt entertained a company of relatives and friends at a 10 o'clock dinner in honor of Mrs. Paschall. Mrs. Hunt's mother about 30 were present to do justice to the bountiful dinner which was served by the five daughters, Mrs. Ellen Coleman, Mrs. Allie Plagge, Mrs. Emma Cully, Mrs. Mae Hunt and Miss Myrtle Paschall.

Mrs. Paschall, who 80 years of age is thoroughly active in the home, church and Ladies Aid society in which she is a member. On the prettily decorated table were pots of beautiful flowers, also a large birthday cake, baked by her daughter, Myrtle, on which were 80 small candles which were lighted at the beginning of the dinner.

Among the guests present were Mrs. Rachel Peters, a sister of the late W. H. Paschall, who is now nursing her 90th birthday; Mrs. Paschall's sister and brother, Mrs. Sarah Coleman and William Dunn, of Virginia; August Rohrborn and daughter, Mary Ellen, and Mrs. Ellen Coleman, of Beardstown; Mr. and Mrs. G. W. Flange, Taylorville; Mrs. Emma Cully and family, Elsie, Eleanor Ethel, Harold and Robert, of Ebenezer; Thomas Paschall, Mr. and Mrs. Wilbur Williams and children, Ruth, Eleanor and Thomas; Mr. and Mrs. John Paschall and daughter, Helen; Mrs. Gertrude Richardson, of Jacksonville; Miss Nettie Nash, of Chapin; Mr. and Mrs. Douglas Hunt, and son, William; Miss Myrtle Paschall. All the grandchildren were present, except Mr. and Mrs. Cully and little son, William Howard; Homer Paschall and Frances Paschall.

The day was spent most pleasantly, and the guests left wishing Mr. Paschall many more happy returns of the day.

S. S. L. DIRECTORS IN REGULAR SESSION

Social Service League Directors heard report of Superintendent for February at meeting held last night—routine business considered.

The directors of the Social Service League held a regular business session Tuesday evening in the league rooms. No matter other than of a routine nature were discussed at this session, and Miss Fowler, the superintendent, made her report for the month of February. Mrs. Garmy Norbury for the case committee reported that the committee is now in process of reorganization and will soon be functioning in the usual way.

Miss Fowler's report indicated that the number of new cases handled in the various departments during February was larger than for some previous months. The report covers activities in the following departments: county relief, mothers' persons, probation, city matron, school attendance and volunteer work. In the volunteer work report Miss Fowler shows that students spent 24½ days during the month in field work, and that volunteer field and office workers spent 8½ days during the month in Social Service league work.

The grand summary for the month is given below:
Office calls.....261
All other calls.....332
Telephone calls.....379
Letters written.....322
Letters received.....74
Telegrams.....4

OLD JACKSONVILLE

"ONE BY ONE THE ROSES FALL"

(BY ENSLEY MOORE)
Member Illinois State Historical Society

Morgan county is passing thru its triennial.

Few are left, even of the second or third generation of those who were here of pioneer descent. Few names are in daily use for those who were well known a hundred, seventy five, or even fifty years ago.

Did you ever hear of, or see Murray McConnell or one of his children, or George Rearick or any of his children but Mrs. McDonald, or Col. George M. Chambers or a child of his?

Who was the first postmaster of Jacksonville, or the first county officer, or the first tavern keeper, or the first blacksmith, or the first carpenter?

Who was Nathan Gest? His son or grandson was a member of Congress from the Rock Island district, in later years.

Did you know Major Geo. M. McConnell, a mayor of Jacksonville, or any of John P. Wilkinson's family? He built the first brick store here.

What became of Dr. Ero Chandler? Who gave the Academy Block? Who remembers "Mr. Shull, hotel-keeper?" Or George Shelly, hatter? Or Riee Dunbar, carpenter, or T. Rice Smith's father, Dr. A. Smith?

Where are the E. T. Millers? Or the Kads, or Kelloggs, or McHenry Johnsons, or George Richards, or Kibbes or Lathrops? Are there any of the Stimmus around? Or Carsons, or Capt. John Henrys?

What became of George Parkin, and who was he, anyway? Did you ever hear of the Rev. John M. Ellis or the Coons? Who was the first druggist?

A very recent event calls up

Dennis Rockwell.
This was the sale a week or two ago of the old Rockwell house, on West State street, at the head of Diamond Court, by Mrs. Lillie Rockwell Frost to Mrs. Nellie Headen Hopper, which was one of the largest houses of its day, and few if any other house has been owned in Jacksonville by members of the same family for so long a time.

Dennis Rockwell was the father of Charles Rockwell, father of Mrs. Frost.

The house came into Mr. Dennis Rockwell's possession June 2, 1838. He bought it from Col. William B. Warren, who bought it from Thomas T. January, afterwards a leading man of St. Louis, for many years. It was said that our first physician, Dr. Ero Chandler built the pretty story and a half, dormer windowed house—and perhaps he sold it to "Tom" January. Dr. Chandler

went to Warsaw, Ill., and lived to good old age.

Dennis Rockwell was a Vermont and a fine man. He lived in earlier days on West Morgan street, and gave the site for the Episcopal church, State and Morgan, to that body of believers.

He was surely around when the county was organized, in 1823, for he was the first Circuit Clerk, as he had to be the first postmaster of Jacksonville, and was a subscriber to the first plan to get up Illinois College, as he had been a member of the Morganian Society, for a free state, and as intelligence goes with freedom—or vice versa—Mr. Rockwell was one of the first Trustees of Jacksonville Female Academy.

Mr. Rockwell was a subscriber to the first call to Rev. John M. Ellis, to be pastor of the Presbyterian church here in 1830. Yet he was of the Vestry of the Episcopal church, when organized.

In 1836, Mr. Rockwell's was the only noticeable house between Mr. Ellis' near Church street, and Gov. Duncan's "seat." When the "ill" list for the Education of the Deaf" was established, in 1838-9, Mr. Rockwell was made a trustee. He was on the committee to get a hospital for the insane here, in 1845-6.

Richard Yates, in 1849, introduced a bill in the legislature for a School for the Blind, and Rockwell was made a Trustee, and was made treasurer.

Mr. Rockwell went to Chicago to live in about 1854 and was active in business there for some years, going to Massachusetts for several years, and coming back here in 1866. When he left here, his son

Charles Rockwell took over the homestead, which was the family home as long as he and his wife lived. He died in 1899, his wife following him in 1906. She was

Margaret Wilkinson before marriage, and they were the parents of Mrs. Fannie C. Winslow, Mrs. Lillie A. Frost, Edward W., and Charles R. Rockwell.

Mrs. Rockwell was the daughter of Ottaway Wilkinson, a Kentuckian, and she was from the same state. Mrs. Frost is the last of the family resident here, and her friends will regret that she has given up the old house.

Dennis Rockwell lived here for a few years, after being in Chicago and the East, and died here August 14, 1868. And we then lost one of our best citizens.

DEATHS

Anders

Phyllis Jean Anders, daughter of Mr. and Mrs. Roy T. Anders, died Monday morning at the family residence, 613 South Clay avenue. The child was born July 27, 1921. She is survived by her parents.

Funeral services will be held at 2:30 o'clock this afternoon from the residence, in charge of Rev. M. L. Pontius. Interment will be in Jacksonville cemetery.

Holly

Mrs. Annie Holly, 525 Sharpe street, died at 1:45 o'clock Tuesday afternoon at Passavant hospital, where she had been a patient for only a day. Deceased was born in Illinois on May 1, 1860. She is survived by one daughter, Miss Lily Holly.

Funeral services will be held at 2:30 o'clock Thursday afternoon from the Gilham Funeral Home, in charge of Rev. M. L. Pontius. Interment will take place in Jacksonville cemetery.

Anders

The funeral of Phyllis Jean Anders, little daughter of Mr. and Mrs. R. T. Anders, will be held at 2:30 o'clock this afternoon from the residence of Mr. and Mrs. Clarence Large, 613 South Clay avenue.

The child passed away Monday after a brief illness. She was born July 27, 1921 and is survived by her parents and a number of other relatives.

Phillips

Mrs. Sarah Phillips of Griggsville died Tuesday at a local hospital. The remains were taken to the Reynolds Mortuary, where they were prepared for burial. Relatives later accompanied the body to Griggsville, where funeral services will be held.

REVIVAL AT MT. EMORY

The revival services which are gaining in interest at Mt. Emory Baptist church will run only four more nights. The evangelist, Rev. Mr. Gore, took for his text from the Book of Genesis, "My Spirit shall not always strive with man, thus saith the Almighty God."

Altho the evangelist is so young in years the sermon was spoken as from the lips of a matured and experienced minister. The audience was deeply impressed.

At the conclusion of the sermon gospel songs were sung and the service was very helpful.

WILL OF JAMES REA

FILED FOR PROBATE
The will of the late James E. Rea of Murrayville was filed for probate Tuesday in the office of County Clerk G. L. Riggs. Mr. Rea bequeathed one-seventh of his property to each of his children: Lina M. Gibson, J. W. Rea,

Emmá J. Akers James H. Rea, Lyndell Sheppard and Bessie Rea. The remaining one-seventh is to be divided among five grand children: Leland M. Wright, Mary E. Wright, J. H. Wright, Charles and Ethel Wright.

The testator asked that no appraisement be required in his estate and named J. W. Rea and R. Y. Gibson as executors of the will, which was made June 12, 1919.

The witnesses to the signature were Harry Cade and J. H. Fuller.

A Good Living and Something Besides

With cows and a De Laval Separator, you are sure of a good living and often something besides. With cream or butter to sell, bringing in a steady cash income; with milk, cream and butter for your table; and with skim-milk to raise calves, pigs and chickens, you are absolutely safe.

And the De Laval Separator has done more than any other factor to make this so. It is the original separator, skims cleaner under all conditions, wears longer, and is easier to operate and clean than any other. We shall be glad to prove this to you. Give us an opportunity.

Rubber Boots

for the

SPRING RAINS

In the four places where the strain is the hardest, U. S. reinforcements insure extra wear at the heel, the instep, the ankle and the sole.

Its one of these four places that the strain on the foot is hardest.

That's why the makers of "U. S." boots have built a strong system of protection into these points of hardest wear.

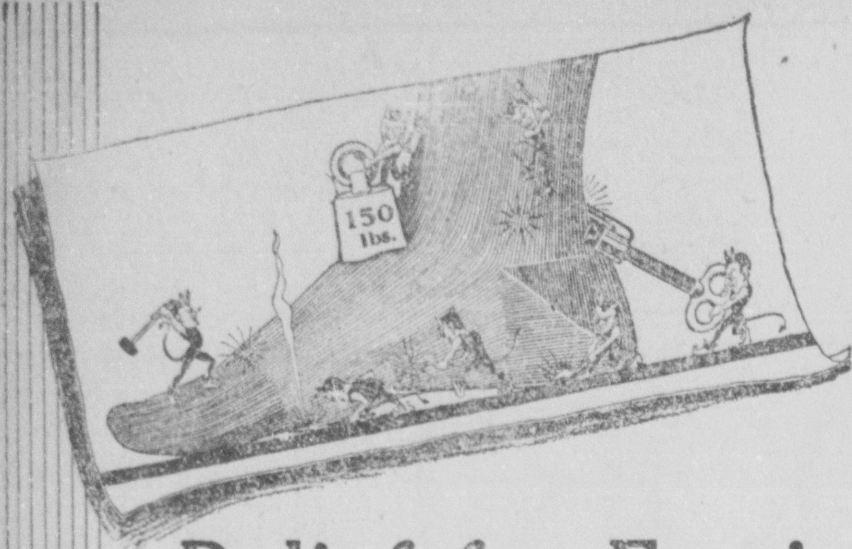

From 7 to 11 extra layers of fabric and tough rubber reinforce every pair of "U. S." boots at these four places.

These boots can be had in all sizes—in red or black, at the small sum of

COLFERS PLAN TO SELL 200 TICKETS

Committee Holds Meeting and Decides on Solicitation for Ticket Purchasers—Outsider R'serves Ticket Months Ahead.

The ticket committee of the Municipal Golf association met Tuesday evening in the Chamber of Commerce rooms. It was decided to make an effort to sell 200 season tickets to maintain the municipal course for the coming season.

The committee is entering into the work of selling tickets with great enthusiasm and expects to have no difficulty in disposing of the desired number. President Farrell has already received a letter from a traveling salesman who makes this city frequently during the summer months. He said he had heard that season tickets for the golf course were to be sold. He had greatly enjoyed playing there on several occasions last season, and asked the president to send him a ticket and he would remit the price.

The golfing population of the city and surrounding community is to be carefully solicited by the committee members who have apportioned the names among themselves.

BADGER SHOE REPAIR TEAM UPSET DOPE

Milwaukee, Wis., March 13.—Upsetting the dope and shooting a total of 2,721 pins, the Badger Shoe Repair team of Milwaukee rolled into second place in the American Bowling Congress tournament here today. They displaced the Sale-A-Ways team which was holding the place with 2,670. The Plankinton Globe No. 1, continues to hold the lead with 2,760. There were no other changes in the first ten leaders in the five men event, the only event to be rolled until.

ATTENTION ELKS!
Regular meeting of B. P. O. E. No. 682 this evening at 8 o'clock. Election of officers. Large attendance requested.
H. L. Caldwell, E. R. E. P. Alexander, Secy.

LIBERTY AID TO MEET.
The meeting of the West Liberty Aid Society will be held tomorrow afternoon at the home of Mrs. Fred O. Ranson, corner of Jordan and Fayette streets, instead of at the home of Rev. J. H. Lough in Chapin. Mrs. Mary E. Ranson will be the assistant hostess.

NEW TRADE PROJECT FAVORABLY RECEIVED

Plan to Give Away Tired Feet Hogs and Kous is Discussed at Meeting of Merchants—Peoria Man Tell How Plan Works.

A number of merchants and business men gathered Tuesday evening in the Chamber of Commerce quarters to consider plans for a new trade extension project. Lee Thompson, field man for the Peoria Journal-Transcript, explained the proposition of giving away portable hog houses and thoroughbred hogs, which that paper is putting on in twenty counties around Peoria. C. R. Bowers, assistant secretary of the National Hampshire association, also made a talk explaining the working of the plan and what has been done with it in other towns and cities over the country.

After listening to discussion of the project from the farmers and breeders' standpoint and also from that of the merchants, the assembly voted to consider the matter favorably and to make further plans toward the adoption of the project in this city.

If adopted here, it would mean that the merchants would give away a thoroughbred hog and a portable house to the boy or girl in each unit of territory agreed upon, who would get the most votes in a certain length of time. A voting coupon would be given with each ten cent purchase from merchants entering into the project. As put on by the Peoria paper, there are votes given with each new subscription.

J. L. Henry, L. A. Reed, Henry Stevenson and H. E. Kitter discussed the project from the farmers' standpoint. All agreed that the boys and girls, if the matter is properly advertised, will enter into it enthusiastically. A number of merchants also talked on the project. It was finally decided to consider the proposition favorably and to interest other merchants. The matter will be referred back to the Commercial Division for further action.

FORMER RESIDENT DIES IN OKLAHOMA

Death of Mrs. Mary Withrow Occurred at Home of Son in Bristow, Okla., Tuesday Morning—Burial to be Made Here.

Word was received yesterday morning by Mrs. L. L. Ticknor of 470 South Main street of the death of her mother, Mrs. Mary Withrow, which occurred at the home of her son, Samuel Withrow, in Bristow, Okla. No particulars were received as to the cause of death and the announcement came as a great shock to relatives here, who knew nothing of the illness of the deceased.

Mrs. Withrow was born March 16, 1853, on a farm near Versailles, Ill. She lived in Brown county during the greater part of her life, her marriage to Philip B. Withrow taking place in Versailles on April 28, 1871.

Mr. Withrow passed away at the home of her daughter, Mrs. Ticknor, on June 1, 1922, and subsequent to this time Mrs. Withrow made her home with her daughter. She went to Oklahoma last October for a visit of several months and had intended to return to the Ticknor home within a short time to make her home.

Surviving are the following children: Mrs. L. L. Ticknor, of this city; Samuel Withrow, of Bristow, Okla.; Homer J. Withrow, of Doniphan, Mo.; and Mrs. C. P. Barnes, of New Orleans, La. The remains are to be brought to this city for burial, but the time of the funeral cannot be announced until later. A more extended obituary will appear in a later issue of the Journal.

INTEREST INCREASES IN REVIVAL SERVICE

Large Audience at Grace Church Tuesday Night—Heard Rev. G. W. Randle Discuss "The Christian"—Singing Led By Prof. Lovejoy Is Inspiring.

A large crowd assembled at Grace church in the interest of the Pan-Protestant Revival on Tuesday night on Monday evening. The new songs had arrived and were used in the spirited congregational singing led by Prof. Lovejoy. He and Miss Armstrong sang

REV. G. W. RANDLE
Pastor Brooklyn Church

a duet and the latter sang as solo the beautiful hymn, "No Night There," of which the audience took up and repeated the chorus. The congregation responded splendidly to Prof. Lovejoy's leadership, but he is still asking for a more general response to the call for sinners in the choir.

The scripture lesson was read by the Rev. E. H. Tull of Grace church and Rev. M. L. Pontius of First Christian church offered prayer. Rev. W. H. Marbach presided over the program and introduced the speaker, Rev. G. W. Randle, pastor Brooklyn church.

The subject assigned for Tuesday evening by the program committee was "The Christ." The preacher was Rev. G. W. Randle, pastor of Brooklyn Methodist church. He took for his text, John 12:26, "If any man will serve me, let him follow me." A synopsis of the sermon follows:

"No man can describe the matchless personality of the one who spoke these words. Painters, poets and historians have tried it and failed. No figure of speech can lift the imagination to the

lofty heights where Christ reigns supreme on the throne of the universe.

"It is our privilege to study in his school, to learn and reveal the Father to the world, to reveal the soul of man to himself, but the greatest lesson of the greatest teacher is the lesson of Calvary.

"The importance of Christ's death is shown by the fact one-third of the Gospel story is occupied with the narrative of the crucifixion. His life was important, his death is fundamental. The cross is the battle-ground of the ages. It is the pivot of human destiny.

Jesus called his disciples to be Fishers of Men. A sense of personal responsibility is the principal requisite for fulfillment of this mission. When people think as much of their sons and daughters and neighbors as they do of their pigs and dogs and horses, there will be a better Jacksonville and a better world.

"This city needs material improvements, but it needs more religious development and moral fibre. When the business men back a spiritual revival as they do a financial revival, the material desert will blossom as a rose and the greatest era of prosperity will follow in our history.

"We need a passion for evangelism and a spirit of cooperation that will bring people of all creeds together in a campaign to win men to Christ and righteous living."

Noon Day Service

The noon prayer meeting at the Chamber of Commerce today at 11:40 A. M. will be led by the Rev. T. W. Smith, of Westminster church. All men are invited and especially, the business men are asked to devote twenty minutes to this service.

TRAFFIC PROBLEM REMAINS UNSOLVED

Merchants Refuse to Vote on Proposition to Accept or Reject Plan of Committee—Opinion is Divided and Meeting is Adjourned For Further Consideration.

So few merchants attended the meeting for consideration of the new traffic rules Tuesday evening that it was voted to adjourn without action. It was decided that the merchants could be called together by the chairman of the traffic committee for consideration of the proposed map and rules.

Among the merchants present, opinion on the adoption of the plans of the committee was greatly divided. The chair was unable to obtain to vote on the proposition to reject or accept the plan, as most of the men refused to take a decisive stand.

The main debate arose over the parking rules, which aroused considerable opposition. These have been carefully worked out by the committee, but it is evident from resulting discussion in both the general committee meeting and the meeting of merchants that the problem is almost too big for present solution.

You are invited to attend a free lecture on Christian Science, by Frank H. Leonard, C. S. B. Given at High School Auditorium, Friday, March 16th, at 8 P. M.

WOODSON RESIDENT INJURED BY HORSE

Frank Henry met with an accident in Woodson Monday which might have had more serious consequences. Mr. Henry was in the act of untying his horse when the animal reared and lunged forward, and the horse's hoofs trampled Mr. Henry with such violence that his shoulder was dislocated. The injured man was taken to the office of Dr. R. R. Jones for the necessary medical attention, and was later reported to be resting as comfortably as could be expected.

A FREE LECTURE on Christian Science
By Frank H. Leonard, C. S. B. will be given at High School Auditorium Fri., March 16th at 8 p. m. You are welcome

WOODSON MAN IMPROVES.
Charles Taylor, who has been seriously ill at his home in Woodson, is now reported to be showing some improvement in condition.

WILL HOLD ROAD HEARING THURSDAY

Commissioners Want Large Delegation for Springfield—Must Show Interest in Mt. Sterling Road Project.

The commissioners of Morgan county are hoping for a large delegation of citizens from this county to accompany them to Springfield Thursday to confer with Governor Small relative to the proposed Jacksonville-Mt. Sterling hard road. They feel that a lack of proper interest will be shown if only a very small delegation attends, so it is imperative that a large enough crowd attend to assure Governor Small that the people of this county are really deeply interested in the proposed road.

Mt. Sterling is planning to send a delegation of about fifty men and if residents of Jacksonville, Chapin and Meredosia will also see to it that they are well represented, the meeting is more likely to be productive of good.

The county commissioners have asked the assistance of the Chamber of Commerce in forming a large delegation and are inviting all who can attend.

MANCHESTER.

Mrs. William Arendell and Mrs. Edward Walker were Roodhouse visitors Tuesday.

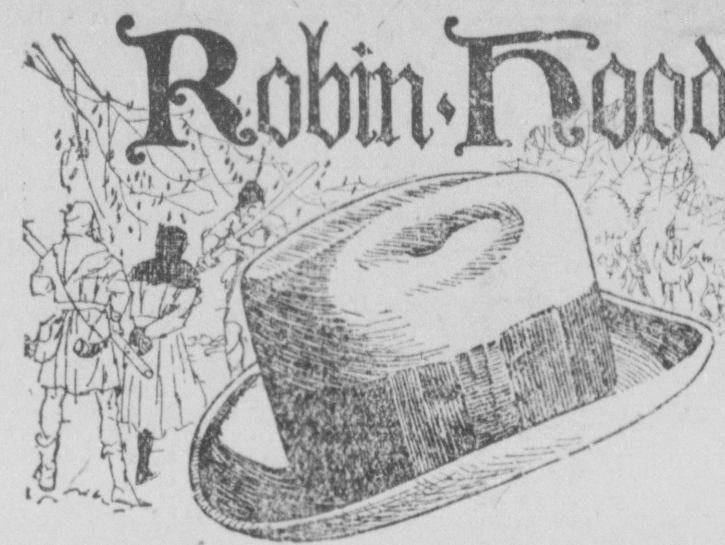

Mrs. J. C. Andras, Jr., and son Paul, are ill with the flu at their home here.

Miss Lucille Wilson of Jacksonville spent Sunday with her grand mother, Mrs. Martha Story. Twin sons were born Sunday to Mr. and Mrs. Charles Osborne of this community. The little ones only lived a short time, one dying Monday and the other Tuesday. Interment took place Tuesday afternoon in the Sharp cemetery south of Manchester.

Dr. G. O. Wheeler of Murrayville was in Manchester Tuesday on professional business.

Dr. F. A. Norris of Jacksonville was here Tuesday to attend F. O. Vantyle who is ill at his home here.

BROTHERS.

CARTHAGE COLLEGE IS ELIMINATED

Kansas City, Mo., March 13.—Fast play was the order in the games this afternoon of the first round of the National A. A. U. basketball tournament.

The game between the Union club, Belvidere, Ill., and Haskell Institute, Lawrence, Kan., was another of the speedy type. The game was about even until the last few moments of play when the Illinois team scored two goals in quick succession and won 32 to 26.

Although displaying good teamwork, the inability of forwards of Carthage college, Carthage, Ill.,

to hit the basket spelled defeat for that team. They were defeated by the Southwestern State Teachers' college, Weatherford, Okla., 22 to 16.

FOR SALE

GREAT BRITAIN ASKS
FOR CONTRIBUTIONChannel Islands Are Asked to
Make an Annual Contribution
Of Other Countries Exchequer

LONDON—The Channel Islands of Jersey and Guernsey may well be called the happy isles. Not only does nature favor them with an ideal climate, but they enjoy also most of the advantages of being virtually parts of the United Kingdom with little of the burdens of membership in that political body. Altho only a few miles from the coast of France the islands are British dependencies, and while having the privileges of British citizenship and the protection of the British navy and army in case of need, are matters of government and finance practically independent. Attracted by the low rate of tax-

ation, many retired English people have been migrating to the islands since the war. Finance tends to come to a level, however, because this influx of prospective residents has brought up the prices of house property in the islands so much that what is gained thru low taxation is nearly cancelled by high rents and house prices.

The Home Secretary has now addressed letters to the "Bailiffs and States," which is the title of the governing bodies of the two islands, asking them to make an annual contribution to the imperial exchequer. This was recommended in the report of the commission headed by Sir Eric Geddes which recently tried to devise methods for government economies and financial reforms. The recommendation included also the semi-independent Isle of Man, best known as the home of Hall Caine, the novelist.

Each island made a contribution of 100,000 pounds sterling toward the expenses of the great war. The Home Secretary says the government is not ungrateful of these contributions of money and the men from the islands who gave war services in the forces, and continues "It is not necessary that I shall dwell at length on the grave financial position of the United Kingdom, the enormous burden of taxation which is placed upon the British taxpayer in order to meet the cost of the war, and the serious hindrance to the revival of industry and commerce and to the restoration of normal conditions which this taxation involves."

The recommendations are that Guernsey should contribute annually 275,000 pounds and Jersey 325,000 pounds, which would mean an annual taxation of 6 pounds 17 shillings per head for Guernsey and 6 pounds 1 shilling for Jersey. The letter points out that the present taxation in these islands is less than three pounds ten shillings per head, compare with seventeen pounds in the United Kingdom; the national debt resting on the islands about twelve pounds per capita and on the inhabitants of Britain 180 pounds.

The British government has no power to enforce this request, but can make it as a request only. If the legislatures of the islands see fit to agree it will be a hard blow to the "emigres," many of them people with very small incomes who have sought refuge from the after-war high cost of living in England.

ALLIANCE BETWEEN
ENGLAND AND TURKEY

Bombay—His Highness the Aga Khan, upon his recent arrival here from Europe, spoke optimistically concerning the settlement of the present difficulties existing between Great Britain and the Mohammedan world. The Aga Khan is the recognized leader of Indian Mohammedans, and he was accorded an elaborate ovation by the Moslem community upon landing in Bombay. The Aga Khan is determined to serve the best interests of Islam. "But I am convinced," he declares, "that the majority of Englishmen, and those who form the backbone of the British Empire, desire a fair and final settlement of the difficulties that have gradually grown up during the last 30 or 40 years, and that they realize the inequity of the dead Treaty of Sevres."

"There are signs in England that the number of people desiring a fair and final settlement of the Turkish question is daily growing. To this day our whole case about the Holy Places has not been properly understood by Englishmen, and we must con-

QUALIFICATIONS FOR
STATE POLICE FORCEWill Be Same Mentally And
Physically As Those Used By
The United States Army—Duties
Of Police Are Defined.

SPRINGFIELD—Qualifications for appointment to the proposed Illinois state police force would be the same mentally and physically as those for the United States army, according to the provisions of the bill creating the police, introduced in the senate by Senator Dunlap.

The state police force would consist of not less than 195 nor more than 455 men, including officers. The force would be divided into troops, composed of a captain, two lieutenants, four sergeants, eight corporals and 50 privates, and there would be not more than seven nor less than three of these troops.

The measure creates a separate department of the state government, over which would be a superintendent appointed by the governor. The governor would have the power to remove this superintendent for incompetency, neglect of duty or malfeasance in office, but no order for such removal would take effect until the governor had filed a written statement with the secretary of state setting forth reasons for the discharge.

The salary of the superintendent would be \$5,000 a year, and devote his entire time to the duties of the office. An assistant would receive \$3,500 a year, who with all other members of the force would be appointed by the superintendent.

Headquarters would be in Springfield and such other stations as deemed necessary would be established thruout the state.

Duties of the police are defined, as follows: to serve and execute warrants of arrest and search; to arrest persons committing or attempting to commit crime; to patrol rural districts and principal highways and waterways of the state; to cooperate with state and local authorities in the enforcement of the fire, fish, game, forestry, public health, animal disease and road and bridge laws; the police also may act at the direction of the governor, the attorney general, the sheriff or state's attorney of any county or the police authorities of any city in suppressing crime.

Splendid display of spring hats priced very low. Carroll Millinery Parlors, 859 Routh Street.

CAN TRAVEL BY

LAND OR AIR

Springfield.—(By the A. P.)—Illinois residents seeking sunny climes can now arrange for their tours by land and by air, according to rates posted by railroads. Airplane passage between Florida points, Cuba and the Bahama Islands, has been arranged. From Key West, Florida to Havana, Cuba, the rate is announced as \$53 for 100 miles, in 75 minutes.

to enlighten them about their special treatment.

"International difficulties, especially after the bitter memories of a disastrous war, will take long to settle, and I entreat Moslems to remember that fact and not become impatient at delays. I am a strong believer that a powerful Turkey will be a source of great strength to the British government, and that an alliance between the two nations will be an effective means of securing the future peace of the world."

Merita, the Delightful

What is "The Merita?"

It is a Delightful New Necklace

In many colors, that's just arrived in town; they're all the rage in the fashion centers at the moment and soon will be worn here, particularly when the weather warms up a little and coats and wraps are discarded; a delightful adornment for evening wear also. Come in and let us show them to you.

RUSSELL & THOMPSON

For The Choicer Diamonds—Mounted and Unmounted

DO YOU KNOW WHY

THE GEAR-SHIFT IS DIFFERENT?

The design of Dodge Brothers gear-shift takes into consideration the natural inclinations of the driver.

To start, you throw the lever forward. To reverse, you pull the lever backward. And when the car is running in high gear—which is about ninety per cent of the time—the lever is in a forward position, out of the way, where it does not interfere with passengers, robes, or luggage.

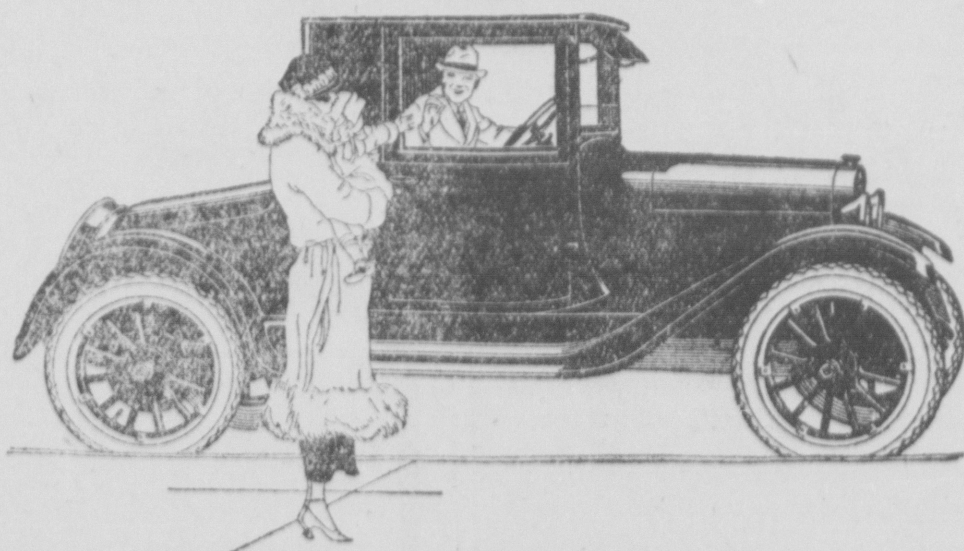

Moreover, the transmission, developed and patented by Dodge Brothers, is so designed that the countershaft—used in intermediate speeds and in reverse—is disconnected when the car is in high. There are no gears in mesh. Power is transmitted directly from clutch to rear axle.

This exclusive feature prevents the loss of power through friction, reduces gear-box noises and eliminates a vast amount of wear.

That is why the gear-shift of Dodge Brothers Motor Car is different.

Now a QUICK Quaker Oats
Cooks to perfection in 3 to 5 minutes

Good News
For those who breakfast in a hurry

There is now a Quaker Oats which cooks in from 3 to 5 minutes—the quickest cooking oats in the world. It is called Quick Quaker—perfected by our experts. No other oat dish can compare with this in the little time needed to cook it.

The same Quaker flavor
Quaker Oats dominates because of its flavor. It is flaked from the finest grains only—just the rich, plump, flavory oats. A bushel of choice oats yields but ten pounds of these extra-flavory flakes.

That's why millions of mothers, all the world over, insist on this premier brand. They want their children to eat oats, so they make the oat dish tempting.

Quick Quaker is made from those same selected grains. But we cut the oats before flaking. Then they are rolled very thin and are partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

So there are now two reasons for Quaker Oats. First, that matchless quality and flavor. Second, oats that cook faster than the coffee.

Tell your grocer which style you prefer.

Regular Quaker Oats
Come in package at left—the style you have always known.

Quick Quaker Oats
Come in package at right, with the "Quick" label.

Your grocer has both. Be sure to get the style you want.

INDOOR WOMEN'S TENNIS DOUBLES BEGIN

BROOKLINE, Mass., March 13.—The national women's doubles tennis championship begun on the covered courts of the Longwood Cricket club today was advanced thru the second round with the exception of one match put over until tomorrow. Seeded teams came thru without serious test in any case only the local team of Mrs. N. W. Miles and Mrs. T. P. Cahot, being forced to more than two sets. Play in the singles championship had a holiday to allow the double tournament to get underway and with the national mixed doubles titles starting tomorrow, will be in progress on the Longwood course.

ROSE TAKES INQUEST DOCUMENTS TO COURT

Coroner Summoned to Kansas City With Official Papers to be Presented in Show, Damage Suit Against Alton Road.

Coroner Charles A. Rose left last night for Kansas City in response to a telegram summoning him to appear in the case of Mrs. John D. Shaw vs. the C. & A. Railroad Co. Mr. Rose took with him the official inquest papers, giving the circumstances of the death of John D. Shaw on May 24, 1920.

Shaw was a switchman in the Alton yards at Roodhouse, and was injured while at his work. His leg was severely crushed. He was brought to this city on a special train and the limb was amputated by Dr. Carl E. Black. Shaw died the next morning after the accident.

Mrs. Shaw is now suing the railroad company for damages on account of the death of her husband. The inquest papers are wanted for evidence, though the company should have in its possession certified copies of the same. It is unusual for a coroner to be called to such a distance to present the papers to such a suit.

Coroner Rose will reach Kansas City this morning and will appear in court with the papers some time today. No particulars as to the amount of damage being asked by Mrs. Shaw could be learned.

BONUS NOT EXPECTED BEFORE TWO MONTHS

Two months will probably elapse before there can possibly be any money available for payment of the state bonus, according to a communication from Palmer D. Edmunds, chief clerk of the service recognition board, in which assistance is asked of the Legion and other soldier organizations to help carry out with full force the section of the act relative to conscientious objectors.

According to the provision of the act no money will be paid to "any person, who, being in military or naval service, refused on conscientious, political or other grounds to subject himself to military discipline," and in the time intervening until payment of the bonus, Mr. Edmunds plans to complete the list of names of those parties who fall within the provision. In his letter he asks the assistance of the different soldier organizations in compiling the list as the objectors received honorable discharges and their papers and records are in such form that in many instances there is nothing by which the board can determine that they are not entitled to the bonus.

MEETING POSTPONED
The Parent-Teacher Association of the David Prince has postponed their meeting until the first week in April, the date to be announced later. The meeting has been postponed on account of the revival meetings.

REV. PEEK IN CITY AFTER LONG ILLNESS

Rev. Fred Peek of Girard passed thru this city Monday on his way home after supplying the pulpit of the Baptist church at Roodhouse. Rev. Peek, his wife and three children have but recently recovered from a long siege of typhoid fever. The people of Manchester, where Rev. Peek formerly resided and where he was pastor for several years, sent a generous donation to the stricken family. Rev. Peek wishes to express his gratitude to his Manchester friends for their kindness and thoughtfulness.

S. W. NICHOLS IS AGAIN IN ARIZONA

is Pleasantly Located at Tucson For Stay of Several Weeks—Gives Interesting Facts About City.

S. W. Nichols has written the following letter to Journal readers. Mr. Nichols is now located at the Congress Hotel in Tucson and is finding his stay there very pleasant. The letter reads as follows:

Congress Hotel, Tucson, Ariz., March 8, 1922

Dear Journal:

I have made a change of base returning to the place at which I have had two agreeable sojourns in times past. This is a very pleasant city and has many of the ways of western municipalities; kindness and cordiality and a readiness to become acquainted.

It is not enjoying anything like a boom but is steadily growing and adding to its attractions. As a health resort it has and deserves a wide popularity and it is sought by many, some from long distances, and often for several consecutive seasons.

I can see many indications of growth and advancement since my first visit two years ago. In one respect there has been no progress whatever and there are no signs of any and that is in the art of robbing strangers and tourists. In that I see no change at all.

A lady from Jacksonville spent the summer of 1920 at a prominent Colorado resort and the patronage there was great, people from all parts of the land visiting it in large numbers. The residents seemed to think they were safe and sure of their patronage and piled on the prices till they scared skyward.

Travelers were so disgusted they spread the word abroad and the following year the caterers and lodging house people in the same place lost money right and left.

This city is well prepared to care for transients with a large number of houses containing spare rooms for rent as well as a good line of hotels while the eat-

ing places are numerous and in prices reasonable.

I saw a gentleman yesterday who rents a room in a pleasant part of the city, not very far out, bath privileges and private entrance, for fifteen dollars a month. By the week he would probably pay four to five dollars.

I have been eating at a cafe which has a good variety in the bills of fare, cooking is neat and home like with not a trace of mussiness or restaurant objection, clean table cloths and napkins while prices are fair.

Wheat cakes and coffee, all I can eat for breakfast, 20 cents. A beef or mutton hot sandwich means a fair help of meat, four slices of bread, mashed potatoes and a liberal supply of gravy, 25 cents. I have never yet been able to eat the whole of one for dinner.

For 35 cents a plentiful dinner, choice of four kinds of meat, salad, bread, butter, potatoes, dessert and tea or coffee, 35 cents.

Then they have oysters, a milk stew, 40 cents; many kinds of fish, a complete meal, 40 cents; and so on and for five dollars a \$5.50 ticket is sold.

There are cheaper places than this where they have bare tables to be all right. I have not tried any of them. And there are well placed where one can pay fifty percent more for the same food under more aristocratic surroundings.

I have affiliated with the First Methodist church and find pastor and people very cordial and friendly while the services generally are excellent.

I have been here but a short time and haven't yet hunted up any of the Jacksonville people living here. Leaving church Sunday I was accosted by a young man who said his name was Whorton. He said his father was a Morgan county farmer. He has been living here a few months and is well pleased.

The city is on the main line of the Southern Pacific railroad which runs in connection with the Rock Island road, thru trains from Minneapolis and Chicago to Los Angeles and San Francisco. There are two of these trains daily each way beside local traffic which makes things right lively at the station as a branch goes from this place to Nogales and points in Mexico.

The hotel is but a few rods from the station and two switch engines busy day and night chasing each other about the yards and putting me to sleep at night as my window looks out on the station.

I was deeply grieved by the death of George C. Guthrie as we were more than ordinary friends. His mother and mine were near neighbors and warm friends in childhood in Concord, New Hampshire, and his mother, Sarah McFarland, was a sister of Dr. Andrew McFarland, for years superintendent of the Jacksonville Hospital and founder of Oak Lawn Retreat.

Their father, Dr. Andrew McFarland, was pastor of the Congregational church in the capital of the Granite state and one of the great theologians of his time. He associated with congressmen, governors and presidents and was widely known and respected.

Mr. Guthrie's father was one of nature's noblemen. He conducted a sash and door factory for years in Zanesville, Ohio, where his mature life was spent. He was one of the leading citizens of the city. He was a pillar in the church and prominent in business and social circles.

In 1852 my father was called to the pastorate of the Presbyterian church in Ross, Ohio, ten miles from Zanesville, and the early intimacy between Mrs. Guthrie and my dear mother was pleasantly renewed.

My father preached one Sunday in Roseville and the next served two churches, Unity, eight miles distant, and Perry thirteen miles away, and for that strenuous work, supplying his horse and buggy, he receives the munificent (?) sum of \$250 a year. Never shall I forget the kindness and substantial assistance afforded us by the Guthrie family. It was my father's last charge as failing health, due to exposure, hardship and overwork, told severely on him and not many years after he went to his reward.

One day Mr. Guthrie and his older son, William, made us a visit and it was quite an event in our lives. I was then eight years old and when they returned William wrote me a letter and to say I was proud of that, my first one, is putting it mildly. That correspondence continued for 67 years till death called my friend home.

As soon as the gentleman recently deceased visited Jacksonville I at once sought him out and our friendship continued warm as long as he lived. His was a noble ancestry and a fine character. He was worthy of his illustrious parentage and lived up to his privileges.

I shall never forget an amusing experience while we lived in Roseville. My father had arranged to get some apples of a lady in the vicinity of Unity, some eight or nine miles distant and I think, a parishoner. The lady was a widow with two elderly, unmarried daughters.

She lived in a large brick house and was well to do and the day my father decided to go for the apples one of the daughters was to be married. My father naturally wore working clothes as he and I were to pick the apples. As we entered the spacious mansion we found it filled with expectant guests but for some reason, of course unknown to me, the minister had not arrived and wedding was at hand. Now honestly I didn't help hearing an animated conversation between the mother and the bride to be. Said the mother:

"I want this wedding to come off today."

"But Mr.— isn't here and I want him to marry me."

"I'm sorry but have no idea why he hasn't come."

"Why can't we put off the wedding?"

"I will not have it."

"And why not? I have known Mr.— for so long and love him and want him to marry me."

"I am sorry but I will not have a postponement again."

"Why not?"

"Because we put it off once before and you went moping about the house till there was hardly any living with you. Now this old man here is all right. Of course he didn't come fixed for a wedding and all that, but we know and respect him as a good man and he can perform the ceremony just as well as not."

The other sister.

"Of course Kate; there's no sense in asking all these people to come again and if the thing is put off, I'm going to leave the place till you are married."

"Well! I suppose I may as well agree so go ahead."

The mother at once sought my father and explained matters to him and while he felt embarrassed by his shabby clothes in the presence of so large a gathering, he made the best of it and went ahead.

That was more than seventy years ago but I well remember now things went. My father took in the situation as if nothing had happened, performed the ceremony, and after the congratulations were over he remarked humorously that while his hand was in it he would gladly accommodate any others who wished to be joined for life.

The weather has been unusually cold and disagreeable here the past few days and today the distant mountains are covered with a haze which makes them almost indistinguishable.

I have received a cordial invitation from my long time friend Dr. W. T. Bohannon, of Nevada, Mo., to visit him on my way home and if weather and conditions generally favor I hope to do so and trust the weather at home will permit me to come early in May.

GOOD RAINFALL IN GREENE COUNTY

White Hall, March 13.—The weekly weather and crop report for this section would indicate that the drought has been broken with a total of 3.29 inches of rain during the week ending Monday. The rainfall on Sunday totalled 2.49 inches, the heaviest 24 hour rainfall since March 14, 1922, when there was a fall of 2.79 inches. As a result of the rainfall the industry of transporting water by railroads and farmers has ceased, but households have not fully returned to the use of the wells that have been dry for months.

Tree limbs were scattered pretty generally as the results of wind Saturday night, and the roof was blown from a railroad stock car. Advice from Cleveland is that Raymond S. Ozburn has joined the benedictines by marrying a choice

BUILDING VERY ACTIVE IN U. S.

Figures From Principal Cities Show that Boom for Building is of Unprecedented Size.

February figures for the principal cities of the country indicate that a building boom of unprecedented proportions exists over the greater part of the country, outstripping some of the most sanguine predictions made during the opening weeks of the year.

The monthly survey of S. W. Straus & Co., for February shows an approximate total of building permits for the whole country of \$340,000,000.

Detailed official reports submitted to S. W. Straus & Co. by the building departments of 179 cities, show a total for February of \$226,123,290. The same cities in February, 1922, had a total of \$153,675,445, an increase of \$72,447,845 or 47 per cent.

Of the outstanding features of the survey is the gain of 96 per cent shown in the central west. In the Pacific west, the gain was 52 per cent; in the east 33 1-3 per cent and in the south 10 per cent.

Cities showing the largest gains over February, 1922, in the eastern section were New York, \$26,501,429 and Philadelphia \$1,418,525. In the south Nashville led with \$1,227,554.

Leading gains in the central west were Chicago, \$14,218,600; Cincinnati, \$1,134,205; Cleveland \$2,773,560; Detroit, \$4,005,744; Omaha, \$1,093,640; St. Louis, \$1,379,165.

In the Pacific west, Los Angeles led with a gain over last February of \$4,500,512 and Long Beach, Cal., showed a gain of \$1,881,201.

Cities showing gains of more than \$500,000 over February, 1922, included, in the east, Albany, \$620,000; Baltimore, \$780,000; in the south, Louisville, \$691,000; Memphis, \$522,000; in the central west, Canton \$895,000; Columbus, \$512,000; Evanston, Ill., \$662,000; Milwaukee, \$945,000 and Toledo, \$615,000.

Among the cities in the east with large building totals for February, were Baltimore, \$4,000,000; Buffalo, \$1,600,000; Montclair, N. J., \$503,000; Newark, \$2,219,000; New York, \$79,730,000; including \$15,495,000 for Manhattan, \$27,159,000 for Brooklyn, \$19,227,000 for Queens and \$16,980,000 for the Bronx. Philadelphia had a total of \$6,799,000; Pittsburgh, \$1,798,000; Washington, D. C., \$4,960,000; Wilmington, \$545,000.

In the south some of the large February totals included Atlanta, \$2,000,000; Birmingham, \$567,000; Chattanooga, \$654,000; Dallas, \$1,850,000; Ft. Worth, \$550,000; Houston, \$1,685,000; Jacksonville, \$803,000; Knoxville, \$648,000; Louisville, \$1,151,000; Memphis, \$2,051,000; Nashville, \$1,511,000; New Orleans, \$680,000; Richmond, \$1,211,000; San Antonio, \$624,000 and Winston-Salem, \$577,000.

In the central west the cities with substantial February totals included Akron, \$755,000; Canton, \$1,029,000; Chicago, \$27,712,000; Cincinnati, \$2,174,000; Cleveland, \$4,257,000; Columbus, \$1,256,000; Denver, \$1,024,000; Detroit, \$7,287,000; Evanston, Ill., \$923,000; Grand Rapids, \$555,000; Kansas City, \$1,676,000; Lima, Ohio, \$1,752,000; Milwaukee, \$1,298,000; Minneapolis, \$1,206,000; Oak Park, Ill., \$566,000; Oklahoma City, \$655,000; Omaha, \$1,564,000; St. Louis, \$2,664,000; St. Paul, \$900,000; Toledo, \$918,000; and Wichita, \$505,000.

In the Pacific west, the cities with large February totals included Berkeley, Cal. \$503,000; Long Beach, \$3,045,000; Los Angeles, \$12,080,000; Oakland, \$2,041,000; Pasadena, \$759,000; Portland, \$1,674,000; Sacramento, \$595,000; San Diego, \$673,000; San Francisco, \$3,278,000 and Seattle, \$2,091,000.

During the month structural steel has shown a marked advance in price, while other important building materials practically all show indications of rapid approaching advances. The market, as in January, remained firm with many materials, according to stocks in the hands of dealers activity of local building operations and the outlook as regards production and transportation facilities.

The demand for lumber as well as for many other basic building materials now exceeds production. This condition is in spite of increased schedules of production of 1922. If building operations continue at the present rate and the demand for material increases proportionately an inevitable increase of prices generally is looked for.

The labor situation is not alarming in any particular, but in certain localities it is growing more and more acute as the demand for workmen holds strong or increases. The tendency of wages for the country at large is upward. Builders in numerous cities are figuring on a probable increase of wages in nearly all trades. From no quarter is an abundance of either skilled or common labor reported. Wage agreements are pretty well signed up in the important centers.

Don't forget I. W. C. endowment fund benefit at Rialto theatre Wednesday and Thursday, March 14 and 15.

"Shall Ruin be the Penalty of Success ?"

The Chicago Tribune in an editorial March 6th, says: —

"The senate committee on manufactures, directed by Senator La Follette, has returned a typical La Follette report attacking the various Standard Oil companies as, in effect, a monopoly more dangerous than the company was before its dissolution. The action emphasizes a growing tendency in this country to break down anything which is a success.

"We quote one paragraph as illustrative of the thought or lack of thought which produced the whole: 'While it may be that a Standard company in a particular territory does only about half the business in that territory—and some of the Standards do more than half and some less—yet in all territory some Standard company is so much larger than any single competitor that it has come to be almost universally accepted that the tank wagon price in any territory is controlled absolutely by the Standard marketing company for that territory.'

"In words not arranged by Senator La Follette, that can mean only one thing, namely, that there is competition, and that prices are determined by the most efficient organization. If not, it is clear that a smaller company would undersell the Standard, and so bring prices down. The purpose of the report is to break up and destroy the more efficient organization for production and delivery of oil and oil products. What would it leave as a substitute? Numberless small concerns, doing business inefficiently and with high overhead costs, which without the competition of the Standard would immediately force prices up, not down. Incidentally it would stimulate promotion of all sorts of wildcat oil companies which would dupe investors or speculators and help raise the price of oil products.

"In more detail, the report complains of the private use of Standard pipe lines, and wants to make them common carriers. In other words it would penalize a progressive organization and force it to divide its means of service with inefficient organizations. That sort of tyranny over business cannot go on. Human beings will not work without reward. They will not improve service or cheapen production and distribution if the profit of such improvements is to be legislated away from them by socialistic demagogues. If this report became the basis of the legislation it seeks it would destroy the incentive for improvement and energy in the oil business, and that business would lapse into a condition where we would pay many times the price we now pay for its products.

"Such thinking and such attacks upon successful business of any kind threatens the same disaster. It means demoralization of industry and energy and threatens an end to all improvement.

"The writer of this editorial does not now own, and never has owned, nor expects to own, one share of Standard or any other oil stock. He has, however, owned flivvers, which consume oil products. He can understand how owners of automobiles would like to see the price of gasoline and oil come down. He can understand how a man like La Follette would seek the approval of the millions of automobile owners in this country by shouting that they are being robbed, and promising to stop it. But he believes too much in the intelligence of automobile owners to think they will seek lower prices of gasoline by destroying the most efficient producer and distributor of gasoline.

"It would not only be folly to bring that about because of its immediate effect, but because of its future effect. The Standard Oil companies are doing more to establish new sources of supply outside this country for American consumption than any other business we know. They have prospectors and engineers and financiers working throughout the world to obtain wells. Are we so lacking in intelligence that we would destroy a concern which is seeking to provide for our needs after our domestic supplies are exhausted?

"There is but one suggestion in the entire report that appears sane and reasonable. That is the one for prohibition or regulation of export. That is worthy of consideration and study. It might be advisable, though even then we would have to consider possible retaliations and the question of whether it would be wise to cut off such a portion of our foreign trade. National defense might warrant it."

Standard Oil Company
(Indiana)

910 So. Michigan Ave., Chicago, Ill.

January Was Another 100,000 Month for Ford Car Sales

The total cars sold during January was 100,118 according to advices just received from the Ford Motor Company at Detroit, making the tenth consecutive month in which sales have run over the 100,000 mark.

And while this means that in the last ten months more than one million Ford cars have been sold, the really remarkable feature is that four of these months were fall and winter months during which the average expectation of sales is only about sixty per cent of the spring and summer business.

But since April last, the first month when sales topped the 100,000 line, there has been no slackening and every month since has brought in sales totalling more than 100,000, something unprecedented in the automobile world.

Several things have contributed to this unusual sales record, principal of which is the fact that since last October Ford prices have been at the lowest level ever reached in the history of the company. Organized

sales drives have been most effectively carried on, resulting in an awakening of the motoring public to the fact that the Ford is as dependable and practical in winter as it is in summer.

Another noticeable factor is that a man of moderate means, ambitious to own an automobile and who a few months ago looked to much higher priced cars to satisfy his desire, is rapidly convincing himself that he can better afford a Ford car which calls for less investment, less upkeep expense and has the greatest service facilities. New improvements and refinements in all Ford cars, both open and enclosed models, have contributed much in this respect.

Production at the Ford plant for 1923 will be established at 6000 cars and trucks a day, and this output will be reached about April 1st. With the first month in the year starting off with sales in excess of 100,000, indications are that absorption is going to run close to this high production schedule.

CLASSIFIED ADV. RATES

Market Report

By The Associated Press

HIGHER MONEY RATES RESTRAIN TRADING

Day's total sales \$46,000 shares. Twenty industrials averaged 104.79; net gain, .57. High 1923, 105.23; low 96.96. Twenty railroads averaged 89.65; net gain, .60. High 1923, 90.63; low 84.53. Total sales (par value) \$11,362,000.

NEW YORK, March 13.—Higher money rates had a restraining effect on trading in the early part of today's stock market, but another increase in the price of raw sugar gave speculators for the advanced season, and they began bidding up stocks in all sections of the list. The most striking advances were made in the industrial group but a number of railroad shares notably New York Central which closed 3.33 points higher at 104.79, also participated extensively in the advance.

Sales of large quantities of Cuban raw sugar at 5.34 cents a pound the highest price since 1920, focused speculative interest in the sugar group. New high records for the year were made by Punta Alegre at 64 1/2, Manati at 75 and Cuban Cane preferred at 65 and while some of these prices were shaded at the close the net gains ranged from 3 to 4 points.

American Sugar, American Beet, Cuban Cane common and South Porto Rican also were strong closing 1 to 3 points higher.

Equipment also showed consistent strength. American Locomotive, selling ex-dividend \$1.50, touched 136 1/2 and closed at 136 1/2, as against yesterday's closing price of 136.

Baldwin closed 1 1/2 higher at 141 1/2. Some of the other strong spots in the industrial group were Studebaker, Chandler, Mack Truck, Pierce Arrow, Deutz, International Cement, Gulf States Steel, National Enameling, General Asphalt and United Fruit, the gains ranging from 1 1/2 to nearly 5 points. Market Street Railway preferred and second preferred issues suffered a sharp setback after their recent sensational rise. Piggly Wiggly also dropped 2 points on announcement of the stock exchange investigation of that stock.

Call money opened at 5 1/2, advanced to 5 3/4 in the late afternoon and thence to 5 1/2 where it closed.

The reactionary tendency in United States government bonds, which showed losses of 2 to 20 cents on \$100 was ascribed in parts to selling in order to provide for income tax purposes.

St. Louis Cash Grain

Wheat—Red 1c lower; No. 2 red, \$1.40; No. 3 red, \$1.31@1.37; No. 4 red, \$1.18@1.30; No. 5 red, \$1.23; hard wheat 1 to 1 1/2 lower; No. 1 hard, \$1.20; No. 2 hard, \$1.17@1.19; No. 3 hard, \$1.16; No. 1 dark hard, \$1.36; No. 2 mixed, 80 per cent hard, \$1.22; No. 2 mixed, 65 per cent soft, \$1.25; No. 2 mixed, 64 per cent soft, \$1.23; No. 2 mixed dark, 64 per cent soft, \$1.17. NOTICE

OF FINAL SETTLEMENT

In the matter of the estate of James W. Muse, Deceased. Notice is hereby given, that I, the undersigned, executor of the Last Will and Testament of James W. Muse, deceased, have caused my final report and account as such executor to be placed on file in the office of the Clerk of the County Court of Morgan County, Illinois, and that I shall apply to said Court on Monday, the 2nd day of April A. D. 1922, at 9 o'clock A. M., of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account, and for my final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted. FERNANDO C. MUSE, Executor. Hugh Green, Attorney.

PRICES FOR WHEAT IN MARKET EASIER

Chicago, March 13.—Prices for wheat in the cash market finished easier. Premiums and discounts were unchanged on all grades. Shipping sales here were only 11,000 bushels. Sales of 25,000 bushels were made to go to store here. The seaboard reported 300,000 bushels worked for export.

Corn finished weak, with prices 1 1/2 to 1c lower. Trading bases were unchanged to be lower for No. 2 grades. No. 3 and No. 4 grades were 1 1/2 to 1c lower. Shipping sales here were 60,000 bushels. The seaboard reported 350,000 bushels corn worked for Europe.

Oats opened 1/2c easier, with trading bases unchanged. Cash sales here were 60,000 bushels. Cars inspected: Wheat, 25; Corn, 105; Oats, 39.

Chicago Live Stock Market

Chicago, March 13.—U. S. Department of Agriculture—Cattle—Receipts 11,000. Beef steers uneven, slow. MERRITT ELEVATOR

YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines.

An infantryman in the United States army, which fully equipped, carries 133 pounds.

The regular army has 214 posts, camps and stations within the continental limits of the United States.

The federal government has plans for the mobilization of six American armies, totalling 4,000,000 men.

Soldier settlers in Canada now occupy 5,437,449 acres of land, of which 1,484,000 acres are under cultivation.

Great Britain has only 22 airplane squadrons for home defense

as compared with 220 squadrons of France.

The German government owes the United States \$256,490,825 for maintenance of the American troops on the Rhine.

The American naval scrapping program under the Washington treaty will entail a direct cost of approximately \$55,000,000.

In the past four years the soldier settlement board in Canada has added 28,680 men to the total number of farmers in the dominion.

Medical records of the American Expeditionary Force indicate that artillery fire was responsible for 70 per cent of the gunshot wounds reported.

A rifle committee has been organized by an American Legion post in Dike, Iowa. Their duties are to protect the town against robbers and bandits.

The total military expenditures of the United States, Great Britain and France will amount, during the present year, to a sum estimated at no less than \$18,417,751.

The United States marines are launching a campaign to raise \$200,000 for a club house in New York City. The movement is being sponsored by the veterans of Belleau Wood.

In fulfillment of the Versailles peace treaty and supplementary agreements, Germany's payments to the allies in the past four years amounts to 45,600,000,000 gold marks (\$11,400,000,000).

Of the millions of men in the United States called under the draft law for service in the world war 247,425 were classed as delinquents. These men failed to register, fill out the questionnaire or take any of the steps under the law.

The marine corps institute, in Washington, D. C., has 6,000 students enrolled. The school trains marines in commercial, technical and other subjects. More than 1,000 are studying English, 667 are taking up automobile engineering and 527 are preparing for civil service.

The United States marines are launching "tin hat" patterned after the German "coal scuttle" type. The new helmet will have a sweeping curve of steel plate around the back and sides to protect the back of the neck and jawbone. This armor will stop a steel jacketed pistol bullet at 80 feet.

The New York state conspicuous service medal was recently conferred upon General Gonraud Oissile and Legallie Lebour. Captain Andre de Fouquieres and Lieutenant Tessier, officers of the French army corps, in which the 369th United States infantry regiment served in action during the world war.

A war memorial, covering two blocks, and consisting of three buildings, containing a conservatory of music, opera house, dramatic school, club house for the American Legion, and a museum, is to be built in San Francisco, costing \$2,500,000. When completed the memorial will become part of the University of California.

The plan of the field training of the army during the summer of 1923 has been announced by the war department. The approval program provides for the training of the regular army, National guard, 15,000 reserve officers, 8,000 members of the R. O. T. C. and approximately 38,000 candidates in the citizens' military training camps.

The United States army air service will make a systematic attempt this year to break every world's record not already held by an American aviator. Orders for special training of airmen have been prepared. The war department has sent word that there now is being built a plane which is expected to eclipse by more than 40 miles an hour the fastest time ever made over a measured course.

FASHION IN HORSES' TAILS

Odd Designs That Have Been More or Less Popular at Various Periods of History.

Horses' tails have been subjected to curious changes of fashion. In the time of the Stuarts the English coach horse's tail was worn long and flowing, and was cut square. It was adorned with ribbons on gala days, and strapped up in a leather case in winter weather; thus a certain harmony was preserved between the wig of the master and the tail of his horse.

By the time of George II a short wig and a peltail had taken the place of the flowing curls in which the cavaliers of Charles I. and the dukes of Charles II's court delighted.

The brilliant idea occurred to Lord Cadogan, a cavalry officer of that period, to reduce the tails of his dragoon horses to short dock. Possibly this was done with the view of saving his soldiers the trouble of cleaning those long tails and avoiding the nuisance of splashes uniforms and accoutrements must have received from such half streamers. Or it may be that the debased taste of the age made him think the appearance of his regiment was really improved by babble tails. That is a question which his story does not decide.

The next step was to turn bob tails into playtails by cutting all the hair from the last two or three inches of the dock. Having thus succeeded in disfiguring the hindquarters of dragoon horses, some individual decided the additional barbarity of cropping their ears.

INDIANS AS WOOD CARVERS

Many of the American Aborigines Were Experts, as Specimens Still in Existence Show.

It has been pointed out that the chief reminder of our aboriginal life is the woodwork and bone carving of the Indians of the Pacific Northwest. While the elites of that region are enterprising and important centers of industry, and while the inhabitants of many Indian reservations have adopted the latest farming methods and have become prosperous agriculturists, there remain some primitive workers whose wood products have the same quaint appearance as those of their ancestors generations and generations ago.

When they possessed no better tools than stone axes and bone handled implements, before the white man had brought his iron instruments to this country, these Indians were experts at their chosen profession. With their crude implements they cut planks four feet wide by ten feet long from a tree. Many specimens of their carving in wood, bone and ivory show considerable skill. Their canoes, hewn from a single log, were 50 feet in length, as a rule, and caused great astonishment among the first Europeans that came to this country.

Queer Uses for Gold.
To the ordinary uses to which gold is put the natives of India add a number that are curious. According to a bulletin report of Messrs. Samuel Montagu and company, gold in the form of thin leaf is swallowed in India for medicinal purposes.

A frequent form of piety is to re-gild the domes of religious buildings, and such operations can easily absorb 100,000 or more. Sovereigns with a shield on the obverse side are in constant request.

An inquiry as to the ultimate use of some thousands of pounds revealed the curious fact that a rajah of queer taste had imported them to form a center to each pane in the windows of his palace.

As a contrast to the savings of France, which are utilized to promote the trade of the world, those of India are buried or hoarded.—London Tit-Bits.

Dampness Harms a Piano.
Most people know that a piano should never stand in a draught, but it is not always possible to place the instrument in an ideal position. A piano is frequently regarded as a piece of furniture, instead of a somewhat delicate arrangement of fine wire and hammers which are very susceptible to changes of temperature. Damp is the greatest enemy that confronts the piano, but if the lid is raised frequently, and allowed to remain open for a time a current of air can circulate inside.

Damp also causes the hammers to swell, which, in turn, makes the keys hard to depress. It is never advisable to have a valuable piano in a cold room in winter for more than a day or two at a time; and if possible a small oil stove should be placed near to it for an hour or so each day, if it is not desirable to light a fire occasionally.

Artistic Masterpieces.
The "Last Judgment" is a superb fresco painting by Michelangelo (1475-1564), on the wall opposite the entrance to the Sistine chapel in the Vatican at Rome. It is 60 feet high and 30 feet wide, and was completed in 1541, after a labor of eight years. The painting contains nearly 300 figures, and presents "a confused mass of naked bodies in the most violent attitudes and most admitted disorder, and exerts chiefly in energy of expression." The "Last Judgment" has been much injured by the smoke from the incense and altar candles.

Fra Angelico, Andrea Orcagna, Fra Bartolommeo, and Peter Paul Rubens, among others, have left masterpieces in this same subject.

An Unfair Exchange.
"Think, are you married?"
"Yes, ma'am. I've now makin' my 50th experiment."

"Have you had four husbands?"
"Well, ma'am, two of 'em didn't stay long enough for me to say I had 'em. Dey just gimme deir names an' took what money I had in de house."—Birmingham Age-Herald.
